1985: education as chemical engineer
1985-
1986: special branch graduate
1986-
1991: student of chemistry
1992-
1995: student of computer science (ceased)

Since September 1995 reeducation as industrial economist (specialized on computers) and "Datenverarbeitungskaufmann" (sorry, hard to translate).

Projects:

Besides this administration for the MeetingPearls 3 I currently have no other projects - there just isn't enough time for other projects. :-((

Hobbys:

My computer and caring for the Amiga section of our mailbox.

Hardware:

A2000: 68030/25 MHz, MMU, 68882/25 MHz
4 MB FastRam, 1 MB ChipRam
Flicker fixer, Picasso II graphic board
14" monitor, SCSI with internal 105 MB and
external 270 MB harddisk, external CD-ROM drive,
Highscreen 14400 modem

Picture:

The picture shows me together with Milano and Franky during the first
Isel meeting. I'm the one on the right side.
