LOGN  This package is marketed under "Shareware", a unique marketing
LOGN  approach which allows potential clients to test a fully func-
LOGN  tional system before spending money. However, it is not FREE and
LOGN  you are entitled to send $135.00 if you find it useful. This fee
LOGN  entitles you to receive a free upgrade, written support, and a
LOGN  subscription to the newsletter. For an additional fee, we will
LOGN  develop a Transfer program based on the type of Time Clock used.

HLPD  Refer to your manual for instructions on how to enter
HLPD  your own help text and/or training information. Use
HLPD  the NOTEPAD function to create your files but be sure
HLPD  to name them with a TXT extension (eg.HELPME.TXT)
SELM  This screen allows you to select only those individuals
SELM  related to a particular workrule and/or company.
SELM  The default values, as they appear, will provide all
SELM  employees in the system.
HIST  Because of the power of the RW function, this section is
HIST  intentionally missing. The RW function should be able to
HIST  provide the necessary information from the TAHIST file.
HIST
HIST  We do however plan to include common reports on this menu
HIST  in the next version, after we have received adequate
HIST  feedback on what those reports should be.
HIST
HIST  Please address your comments to QUE Accounting concerning
HIST  enhancements and/or changes to the system. Thank you!
