

Opening Greetings Workshop Projects in Home Publishing

The information in this article applies to:

- Microsoft Graphics Studio Home Publishing 99

SUMMARY

=====

You can open Greetings Workshop 1.0 or 2.0 print projects in Home Publishing 99, but you cannot open multimedia projects. To open Greetings Workshop 1.0 or 2.0 print projects in Home Publishing 99, follow these steps:

1. On the Home Publishing startup screen, click My Projects.
2. In the Open dialog box, under Files Of Type, select Greetings Workshop (*.gwp).
3. Select your Greetings Workshop project, and then click Open.

MORE INFORMATION

=====

You can have Greetings Workshop and Home Publishing on the same computer. However, once you open and edit a Greetings Workshop 1.0 or 2.0 project in Home Publishing, you cannot open it again in Greetings Workshop because Greetings Workshop cannot open projects saved or created in Home Publishing.
