When you start your computer after installing Home Publishing, the reminder service will start. This article discusses how to remove this item from your Startup folder.

MORE INFORMATION

=====

If you do not want the reminder service to start each time you start your computer, follow these steps.

Because there are several versions of Windows, the following steps may be different on your computer. If they are, please consult your product documentation to complete these steps.

1. Click the Start button, point to Programs, and click Windows Explorer.
2. Locate the C:\Windows\Start Menu\Programs\Startup folder.
3. Double-click the Startup folder to open it.
4. In the right Windows Explorer pane, click "Microsoft Home Publishing Reminders" to select it, and press the DELETE key.
