

# COWBOY BEBOP

## *Call me call me*

Music and Arrangement by Yôko Kanno

Performed by Steve Conte

I close my eyes and I keep seeing things  
Rainbow waterfalls  
Sunny liquid dreams  
Confusion creeps inside me raining doubt  
Gotta get to you  
But I don't know how  
Call me call me  
Let me know it's alright  
Call me call me  
Don't you think it's 'bout time  
Please won't you call and  
Ease my mind  
Reasons for me to find you  
Peace of mind  
What can I do  
To get me to you

I had your number quite some time ago  
Back when we were young  
But I had to grow  
Ten thousand years I've searched it seems and now  
Gotta get to you  
Won't you tell me how  
Call me call me  
Let me know you are there  
Call me call me  
I wanna know you still care  
Come on now won't you  
Ease my mind  
Reasons for me to find you  
Peace of mind  
What can I do  
To get me to you  
Come on now won't you  
Ease my mind  
Reasons for me to find you  
Peace of mind  
Reasons for me to live my life  
Ease my mind  
Reasons for me to know you  
Peace of mind  
What can I do  
To get me to you

## **Blue**

Performed by Mai Yamane

Never seen a blue sky  
Yeah I can feel it reaching out  
And moving closer  
There's something about blue  
Asked myself what it's all for  
You know the funny thing about it  
I couldn't answer  
No I couldn't answer

Things have turned a deeper shade of blue  
And images that might be real  
May be illusion  
Keep flashing off and on  
Free  
Wanna be free  
Gonna be free  
And move among the stars  
You know they really aren't so far  
Feels so free  
Gotta know free  
Please  
Don't wake me from the dream  
It's really everything it seemed  
I'm so free  
No black and white in the blue

Everything is clearer now  
Life is just a dream you know  
That's never ending  
I'm ascending

## **Don't Bother None**

Lyrics by Tim Jensen  
Music and Arrangement by Yôko Kanno  
Performed by Mai Yamane

Readin' my paper in Roy's cafe  
The ol' guy next to me is loud as day  
Rambled and rambled while eatin' his pie  
He dropped his wallet, now its mine uh huh

Sorry old man but that's jus' the way that it is  
Don't bother none  
Won't help at all to worry 'bout it

Picked up the wallet and slipped out side  
Walked around and walked around and walked around town  
I found my nerve and a good place to hide  
Only to find no cash inside uh-huh

Oh well I guess that's just the way that it is  
Don't bother none  
Won't help at all to worry 'bout it

I got thirsty so I went to a bar  
Met a lil darlin' with the face of a star  
In the mornin' woke up to find  
She stole my car along with my heart uh-huh

Oh well I guess that's jus' the way that it is  
Don't bother none  
Won't help at all to worry 'bout it

Wish she'd give me back my heart uh-huh

Oh, well I guess that's jus' the way that it is  
Don't bother none  
Won't help at all to worry 'bout it

You got a rainbow

Rainbow in your hands...

## ***Rain***

Lyrics by Tim Jensen

Music and Arrangement by Yôko Kanno

Performed by Steve Conte

I don't feel a thing  
and I stopped remembering  
The days are just like moments turned to hours

Mother Used to say  
if you want, you'll find a way  
Bet mother never danced through fire shower

Walk in the rain, in the rain, in the rain  
I walk in the rain, in the rain  
Is it right or is it wrong  
and is it here that I belong

I don't hear a sound  
Silent faces in the ground  
The quiet screams, but I refuse to listen

If there is a hell  
I'm sure this is how it smells  
Wish this were a dream, but no, it isn't

Walk in the rain, in the rain, in the rain  
I walk in the rain, in the rain  
Am I right or am I wrong  
and is it here that I belong

Walk in the rain, in the rain, in the rain  
I walk in the rain, in the rain  
Why do I feel so alone  
For some reason I think of home

## English Translation

My puppy  
isn't here  
he has white feet and a white tail  
we were together all the time

my puppy  
isn't here  
he has white ears and a white back  
even though we were always together

My tears have dried up  
everyday I hope  
hurry  
come back

rainy days and windy days  
but everyday I know  
I want you

so hurry, come back

***Pushing the Sky***

-Words by jinghiskanman  
-Music and Arranged by Kanno Yoko

Don't wanna be the one to pop your cherry, girl  
Just jump a train that will bring you back to mama's side

Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why  
Knock on, knock on  
Buyin' a one way ticket out of your mind  
Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why

You keep on pushin' and you will see my chilly yellow eyes  
Only one more time

Don't wanna get your teddy bear mad at me, girl  
So get your pretty slippers on and dance out of here

Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why  
Knock on, knock on  
Be happy living in your nuclear life  
Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why

You keep pushin' and you will feel my frozen beastly bite  
Only one more time

Pushing the sky

## **COWBOY BEBOP: KNOCKIN' ON HEAVEN'S DOOR**

### ***Diggin'***

-Words by Tim Jensen  
-Music and Arranged by Kanno Yoko  
-Performed by Steve Conte

You know my daddy dug gates for his whole life  
And he never knew nothing more  
Yeah and his daddy done the dig like his old man  
Who had dug before the war  
And though she couldn't have known till I was born  
My poor mama God rest her soul  
Like them I come out diggin'

Well I was layin' out wire on number 9

Now when she come down to earth  
And she was talkin' real loud  
All about she was gonna save the universe  
I went and snuck a lil' peek in her blue eyes  
And words just aren't enough  
She had me off and runnin'

Could it be that I got bored and lonely  
Could it be that I'm jut dumb and horny  
Could it be that Lady Luck has smiled herself on me

She wore rattlesnake boots, a sassy mood  
She had me laughin' in my tears  
The most beautiful thing, so young and sweet  
A little green behind the ears  
She took me higher then I ever been  
Lordy what have I been missin'  
Now she is all I'm diggin'

Could it be that I got bored and lonely  
Could it be that I'm jut dumb and horny  
Could it be that Lady Luck has smiled herself on me

She's smilin' down on me, yeah

Come a little closer  
Let me show you how it could be  
Spacy little cowgirl  
Come a little closer to me  
Spacy little cowgirl

## ***Gotta Knock a Little Harder***

-Words by Tim Jensen  
-Music and Arranged by Kanno Yoko

Happiness is just a word to me  
And it might have meant a thing or two  
If I'd known the difference

Emptiness, a lonely parody  
And my life, another smokin' gun  
A sign of my indifference

Always keepin' safe inside  
Where no one ever had a chance  
To penetrate a break in

Let me tell you some have tried  
But I would slam the door so tight  
That they could never get in

Kept my cool under lock and key  
And I never shed a tear  
Another sign of my condition

Fear of love or bitter vanity  
That kept me on the run  
The main events at my confession

I kept a chain upon my door  
That would shake the shame of Cain  
Into a blind submission

The burning ghost without a name  
Was calling all the same  
But I wouldn't listen

The longer I'd stall  
The further I'd crawl  
The further I'd crawl  
The harder I'd fall  
I was crawlin' into the fire

The more that I saw  
The further I'd fall  
The further I'd fall  
The lower I'd crawl  
I kept fallin' into the fire  
Into the fire  
Into the fire

Suddenly it occurred to me  
The reason for the run and hide  
Had totaled my existence

Everything left on the other side  
Could never be much worse than this  
But could I go the distance

I faced the door and all my shame  
Tearin' off each piece of chain  
Until they all were broken

But no matter how I tried  
The other side was locked so tight  
That door it wouldn't open

Gave it all that I got  
And started to knock  
Shouted for someone  
To open the lock  
I just gotta get through the door

And the more that I knocked  
The hotter I got

The hotter I got  
The harder I'd knock  
I just gotta break through the door

Gotta knock a little harder  
Gotta knock a little harder  
Gotta knock a little harder  
Break through the door

## ***No Reply***

-Words by Tim Jensen  
-Music and Arranged by Kanno Yoko

Like the perfect ending  
It won't be long  
Till everything I've ruined has seen me gone  
In time, I pray you'll forgive me  
Now you know the man I am  
Can you forgive me?

I fall  
Like the sands of time  
Like some broken rhyme  
At feet no longer there

\*If only I could call the rain to melt and wash away the pain you feel  
I would  
You gave yourself to me and showed me what the truth could be  
For that, I say thank you  
This was my life  
It never made much sense to me

Whith every lie that I lived  
Part of me would fade  
Into this empty shadow I've become  
And now I feel so numb  
I no longer know myself  
But I still know you

I call  
And there is no reply  
Like some phantom cry  
On ears too far away

I close my eyes and watch as my life passes by  
The only thing I see is you  
For all the times you walked the line for me and standing by my side  
I say thank you  
Here lies my life  
It never felt real to me

You'll always mean so much to me  
And there's no reply  
And there's no reply  
You'll never know how much you meant to me

Repeat \*

I close my eyes and watch as my life passes by  
The only thing I see is you  
For all the times you walked the line for me and standing by my side  
I say thank you  
Here lies my life  
It never felt real to me

You in my life  
It all meant so much more to be
