

## **Microsoft Entertainment Pack 1 1.0 Fun and Games for Windows**

Action-packed entertainment is yours with Microsoft Entertainment Pack 1. Start with *Tetris*, a blockbuster hit from Russia that challenges both your mind and your reflexes. Then test your concentration with *Taipei*, a game with outstanding graphics. Sure, solitaire's easy to play, but matching the suits in *Golf* is about as common as a hole-in-one. Four more exciting games add up to hours of fun. When you're taking a break, IdleWild lets you turn your screen into a fireworks display, deepest space, random colors, or more.
