## Sidekick 2.0

### Meet the Ultimate Personal and Business Organizer for the 1990's and Beyond.

This powerful package includes everything you need to stay ahead of a busy lifestyle: a calendar, to-do list, address book, notepad, and calculator. Sidekick handles dozens of other details, too. Its alarm sounds to remind you of important meetings or calls, it moves unfinished tasks to your next-day's schedule, and it will even download your electronic mail or dial telephone calls for you! All there for you at the touch of a key, without interfering with your other work.

### Keeps You On Time

Prints out appointment calendars that fit into your favorite appointment book or travels conveniently with you on your laptop computer. You can view schedules by day, week, month, or time committed. And Sidekick will even reconcile differences between two different Time Planner files, for when you've taken one on the road with you.

### Helps You Stay On Top of Your Objectives

Lets you enter a prioritized to-do list, set warnings and due dates for all tasks, and checks off completed items. Sidekick shows you when tasks are overdue and automatically moves uncompleted tasks to the next-day's schedule.

### Convenient To Use

Sidekick lets you keep all your important information in one place. Attach notes to appointments, keep your address book electronically, save notes in multiple notepads equipped with spelling checker and thesaurus, and use any one of four built-in calculators.
