

From the ImagiNation Network. . .

ImagiNation 2.2

On-line, Multi-Player Fun and Games!

The ImagiNation Network (INN) is more than just a network of people playing games, its a community. ImagiNation is a community of people who meet old and new friends and socialize. New Member Orientation is found inside the Town Hall, so be sure to drop in during your first few visits to ImagiNation. You'll usually find a special person ready to help you get acquainted with the people and places on ImagiNation. Creating our own-on-screen persona is the first thing you need to do before playing on ImagiNation. All of the Lands have a different FaceMaker program for creating personas, and may have multiple personae for each area. After you choose your persona, simply dial into ImagiNation and enjoy!

The ImagiNation Theme Park:

Town Hall is where you can find help and general information.

The Post Office is where you can read and send electronic mail (E-mail) to other INN'ers.

The Clubhouse is where you can play popular card and board games, read bulletin boards, get game hints, attend conferences, and more.

The Phone Booth is where you can locate an INN friend when they are on-line.

SierraLand is the electronic amusement park of ImagiNation, featuring a variety of action/arcade style games.

Medievaland has the award winning multi-player adventure games where you can match your skill against dragons, monsters, and other dangers.

CasinoLand is an **Adults Only** area where virtually anything goes in our virtual casino.

The Mall is the place on ImagiNation to order a variety of products and services, many at substantial discounts.

The Schoolhouse will soon have educational and entertaining games geared for elementary through college level learning.

The Airport gives you access to new Lands not found on the current Map.

Minimum System Requirements:
