The Wild West

A Collection of Multimedia Clip-Art of the Wild West

Adapted from the epic Warner Brothers television mini-series, this interactive CD-ROM is packed with thousands of historic photographs, videos, art works, and songs. The tapestry of people, places, and events that shaped the American West from 1866 to 1896; the cowboys, the settlers, the gunfighters, the Native Americans, all brought to life in over five hours of insightful multimedia narrated by Jack Lemmon and scores of Hollywood's biggest stars. This fascinating excursion into the past features an easy-to-use interface, video interviews with contemporary western experts, and games ranging from hangman to real western shooting gallery. Also included is a program for creating customized wanted posters that can be printed. This educational CD-ROM is as big and fun as The Wild West. As with all Jasmine Multimedia titles, this video and text can be used royalty-free in any computer presentation.
