Microsoft Multimedia Golf 1.0
On Par with Reality

Enjoy the startling beauty of the ocean side Torrey Pines Golf Course and experience the true-to-life challenges and sounds of the game, with enhanced sound, video capability, and greater player instruction!   Photo realistic scenery, stunning graphics and real sounds.   A bird chirps.   The wind shifts.   Thwaak!   You follow the arc of the ball as it glides toward the sun.   There's no telling how under par you'll go!

It's Your Game -- Play   It Any Way You Want

Plan your strategy with stunning aerial "fly bys" of each hole

Analyze your last shot in instant replay, with forward or reverse features

Select your own bag of 14 clubs for every game

Adjust your setup, on every shot, for every club

Choose your stance, ball position, club face, and swing plane

Practice at the driving range or on the putting green

Improve your game with professional advice, on-line Help, and demonstrations

Listen to gurgling water to an announcer saying "He slices, he dices!" by using Sound Schemes
