## **Microsoft Word Assistant 1.0**

### **Templates, Fonts, Clip Art, and More**

Microsoft Word Assistant offers more ways for you to create professional-quality documents easily with Microsoft Word version 6.0 for Windows. Professionally designed form templates and style sheets include new TrueType fonts, so any business document -- from a fax cover sheet to an expense report to a price list -- looks great. And if you want to enhance your work even more, simply change the fonts, apply a style sheet, or add clip-art images -- it's easier with Microsoft Word Assistant.

### **Manage Your Fonts**

Organize an unlimited number of TrueType fonts with the enhanced Font Assistant, then preview and select all of your fonts in one easy step with the Font Selector.

### **Create Professional Looking Documents**

Start with any of the 20 new style sheets, then jazz up your documents in no time with any of the 100 clip-art images from 3G Graphics. Or customize professionally designed forms to meet your business needs, using features such as fields, check boxes, and pull-down menus .

#### **Minimum System Requirements:**
