RUMBA for the VAX V1.0 U02

A Graphical Environment That Integrates Your Host and PC Applications Easily

Now you can bring VAX/VMS™, and UNIX™ applications to your PC and work with them as easily as you do your favorite Windows word processor, spreadsheet, or graphics package.   RUMBA for the VAX will change the way you look at VAX and UNIX system applications forever! Run VAX applications with simple mouse clicks of RUMBA Quickstep™ pads and Hotspots.   Log on and off automatically.   Open multiple sessions simultaneously.   Bring VAX data into spreadsheet applications automatically and get up-to-the-minute reports through RUMBA Hotlinks. Plus, enjoy a convenient history buffer in a pull-down window, time-saving toolbar, VT terminal, keyboard on screen, Gold Key support, and more! And, you can learn to use RUMBA software without a manual!   It's that easy!

Features Include:

Multi-windowing

Intelligent Macros and Quicksteps

Simplified File Transfer

Toolbar

Complete on-line help instead of manuals

And much more!
