Harvard Graphics 2.0 for Windows Simply the Best Results

No matter how you're presenting your ideas -- charts, slides, or multimedia -- you'll look your absolute best, faster and easier than ever with Harvard Graphics 2.0 for Windows.

Compelling Presentations Are Just Minutes Away

Warm up right away with the *5-Minute Coach*, a built-in interactive tutorial. Customize your tool bar with icons that meet your needs. Modify your presentation quickly with *Quick Edit* and *Quick Change*. Use *Quick Tips* to show you how to create, edit and enhance charts with the fewest steps. Eliminate guesswork with *Quick Looks* which enable you to preview visual effects before applying them. Choose a professional look from 31 new *Presentation Styles*, then modify the overall look of your presentation in one central place with the *Master Template*.

Add Impact to Your Charts and Slides

Turn to your own on-line *Harvard Graphics Advisor* for *Design Tips* on layouts, color, fonts and more. Add stunning special effects for text or drawings with *Harvard FX™*. Jazz up your presentations with multimedia sound, music, video and animation. Choose from over 500 all-new images in the enhanced *Symbol Library*.

Deliver Your Most Effective Presentations

Deliver interactive presentations across a network with *Conferencing*. Reveal your ideas one at a time with *Autobuild*, or emphasize key points with on-screen *Chalk*.
