Quicken Companion 2.0 for Windows ***Quicken Companion Expands*** ***Quicken with Incredible New*** ***Features!***

Organize both your personal and business life unlike ever before, without the headaches or hours of unnecessary confusion and frustration. Quicken Companion 2.0 expands the power of Quicken -- from a personal inventory of your belongings to tax planning solutions!

Create a Home Inventory

Quicken Home Inventory accurately organizes all records of your personal possessions in one place. Choose to enter all your possessions fast and easily, in about an hour using the comprehensive "reminder list", or evaluate your insurance coverage to avoid the risk of under insuring or the cost of over insuring.

Instant Stock and Mutual Fund Prices

Quicken Quotes lets you access prices for over 8,000 stocks by the click of a button. Retrieve prices for most mutual funds and options to track your investment's performance. And if that isn't incredible enough Quicken Quotes usage is free for CompuServe basic service members!

Estimate Your Taxes

Quicken Tax Estimator estimates your 1993 & 1994 taxes through the year to avoid surprises at tax time. Tax calculations by Turbo Tax give you a clear view of your taxes. It's also flexible to accommodate Tax changes -- keeping up with the ever-changing tax rates with 1993/94 tax update information. Enjoy the fast efficient new feature of importing Quicken Data and Printing your tax estimates and multiple scenario possibilities.
