Microsoft Hewlett-Packard Font Set 1.0

35 TrueType Fonts for All Applications for Windows 3.1

Microsoft's Hewlett-Packard Font Set gives you 35 easy ways to look good on paper. The choices are yours -- use professional type solutions, classic to contemporary. Whatever your decision, you'll add variety and style to all your business communications. And by using the Microsoft Hewlett-Packard Font Set, you can enjoy using any printer while still relishing in the same fonts as a LaserJet 4 printer. More than just fonts are included, though -- it also comes with an updated printer driver and an easy-to-use screen saver!

Put the Unexpected Surprises Behind You

Have you ever printed a page and been surprised that it didn't come out quite how you would have liked it to? Now with Microsoft Hewlett-Packard Font Set you can put those experiences behind you. You will now enjoy professional quality fonts that look great both on the screen and, more importantly, in print. Characters look sharp and smooth, not jagged, because TrueType refines each character's outline to match the resolution of your screen or printer.
