Famous Places

A Collection of Multimedia Clip-Art of Famous Places Around the World

Take an electronic journey to dozens upon dozens of the planet's most alluring locations, and include video clips of them in your computer presentations. This interactive CD-ROM combines video clips with fascinating textual histories. See the wonders and learn the fascinating facts behind how the Grand Canyon was created, who built the Taj Mahal and why, and what put the lean in the Tower of Pisa. And as with all Jasmine Multimedia titles, the video clips and text can be used royalty-free in any computer presentation.
