Video FX Volume 2

A Collection of Multimedia Clip-Art of Video Effects

Take advantage of the greatest library of animated graphics effects ever assembled, gathered specifically for inclusion in your own computer generated creations. Used by television and corporate producers around the world, the Video Special Effects library of more than one hundred special effects combines state-of-the-art Hollywood technology with spectacular graphic artistry to add exciting production values to any multimedia presentation. Volume 2 focuses on the finest effects of business, sports and entertainment. Accompanying the visual clips are more than half an hour of fully orchestrated musical selections. Together with Jasmine's Video FX Volume 1, these CD-ROMs provide millions of dollars worth of video clips and music that can be used royalty-free in any computer presentation you create.
