Davidson's Kid CAD 1.0

The Amazing 3-D Building Kit!

This amazing 3-D building and design studio lets you create houses, forts, gazebos, and all sorts of structures with electronic building blocks that click into place. And with Davidson's Kid CAD, building is only the beginning! You can paint and decorate everything in sight -- including the kitchen sink! Then fill your customized creation with a huge assortment of people and pets, furniture and ferns -- even a dinosaur!

Kid CAD's **3-D Virtual Environment** lets you change your perspective. View your house from the backyard or peek through the front door. With the simple click of a button, you can zoom in or out, switch from a bird's-eye view to eye level, or circle around to see your house from a different angle.

*Compute Magazine's Choice Award for the **Best Kids' Program for 1993***, Davidson's Kid CAD features:

- * 256-color Super VGA graphics; high-resolution VGA graphics

- * true 3-D modeled objects

- * digitized sound effects and music

- * extensive pre-made object library

- * printable screens
