

Microsoft Creative Writer 1.0

**Publish Illustrated Stories and Projects --
Create Newsletters, Banners, and More!**

For ages 8 to 14, Microsoft Creative Writer is full of incredible tools to help put your ideas into words and pictures. You've got custom fonts, different type sizes, and special type effects like sparkle and fade. You can add sound by choosing from dozens of wacky sounds, even create your own. Or add a finishing touch to projects with tons of fun borders and backgrounds. Instantly illustrate your stories with the rebus tool, and create secret messages with the Secret Agent encoder. Creative Writer lets you undo mistakes as far as 20 steps back, and printing is fast and easy.
