

## Microsoft Art Gallery 1.0

The Collection of the National Gallery of London

Microsoft Art Gallery presents the celebrated art collection of the National Gallery of London, alive with vivid color, animation, and sound. Whether you're a casual browser or a serious student, from the delicate line of Leonardo da Vinci to the blazing swirls of Vincent van Gogh, you'll find inspiration and information.

### Explore Powerful Works in Detail

**Experience** the masterpieces form one of the world's finest collections of art, including 2000 works by noted painters such as Titian, Vermeer, and Monet.

**Find** the fascinating facts behind hundreds of paintings. For example, discover the hidden symbolism of Holbein's *Ambassadors* and the visual sources of Rembrandt's *Self Portrait Aged 34*.

**Witness** the techniques of the great artists through animations that offer a closer look at brushwork and color.

**Hear** names such as Pollaiuolo and Ruisdael pronounced, so you need never again wonder how to say them.

### Enter the World of Geniuses

**Tour** the incredible highlights of this famous collection; see works by Piero della Francesca, Michelangelo, Turner, and others.

**Delve** into the lives of the great artists through detailed biographies that bring to life not just what they created, but who they were.

**Enhance** your art awareness with a comprehensive glossary that explains, with examples, subjects such as what gesso and impasto are and who Bacchus and Isabella d'Este were.

### Minimum System Requirements:

**CPU:** 80386SX or higher

**RAM:** 4 MB
