-Words by jinghiskanman

-Music and Arranged by Kanno Yoko

Don't wanna be the one to pop your cherry, girl  
Just jump a train that will bring you back to mama's side

Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why  
Knock on, knock on  
Buyin' a one way ticket out of your mind  
Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why

You keep on pushin' and you will see my chilly yellow eyes  
Only one more time

Don't wanna get your teddy bear mad at me, girl  
So get your pretty slippers on and dance out of here

Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why  
Knock on, knock on  
Be happy living in your nuclear life  
Knock on, knock on  
Knock on the sky  
You keep on knockin' better ask yourself why

You keep pushin' and you will feel my frozen beastly bite  
Only one more time

Pushing the sky
