

Thank you for choosing our product - The newest and easiest way to use automotive repair information.
Registration will take only a few minutes.

Remember! There are two discs in your package, be sure you have inserted the disc for the vehicle you wish to register!

Your discs contain information for many cars, but the registration process will guide you to access information for **your vehicle only!**

If you wish to access other vehicles on your disc set, you will be given the opportunity to purchase them later in the process!

Click **Next >** to proceed with the registration process, or click **Cancel** to cancel the registration process.
