What is Kai's Power Goo?

Kai's Power Goo by MetaTools is a new type of product...what we call a Creative Entertainment Tool. You will immediately notice that the way in which you can interact with pictures of your kids, friends, boss, or one of the many images provided in Power Goo's Image Library is extraordinary. Kai's Power Goo's brushes offer a whole range of special effects, previously available only on high-end imaging systems, creating a program that fosters creativity and fun. More serious-minded users will find professional uses for the program's sophisticated image manipulation capabilities.

Kai's Power Goo is fun and easy-to-use. Input your own personal photos directly via any supported digital input device, or import images from elsewhere using standard image file formats which Power Goo supports. Then use our Goo brushes to stretch, smear, smudge or nudge them into different shapes creating "funhouse mirror" effects. Capture a picture of your boss into Kai's Power Goo and express your true feelings when you can not find the words. Or create devil horns on your least favorite politician using our Image Library. Only the real-time liquid imaging capabilities of Kai's Power Goo can keep up with the pace and potential of your imagination.

Kai's Power Goo can produce images for: presentations, such as AVI movies, screensavers, and business presentations; the Internet, such as web pages; color printing, such as calendars, newsletters, and T-shirts; or output to other software such as Photoshop for photo-editing or compositing, and PageMaker or QuarkXPress for desktop publishing applications.

Kai's Power Goo Orientation:

In addition to the Kai's Power Goo application, you also have in your possession this and two other ReadMe documents which will help you become familiar with the amazing Sample Goo File Projects which are included, and other available MetaTools products.

Limited Use License Agreement:

You should carefully read the following terms and conditions before breaking the seal on the Kai's Power Goo envelope. By opening the CD-ROM envelope, you are agreeing to and indicating your acceptance of these terms and conditions. If you do not agree with them you should return the package unopened to the dealer from whom you purchased and your money will be refunded. If the dealer from whom you purchased this package fails to refund your money, contact MetaTools, Inc. immediately at the address below.

MetaTools, Inc. (hereinafter referred to as the "Company"), a California based corporation, provides the computer software (hereinafter referred to as the "Program") contained on the medium in this package and licenses its use. You assume full responsibility for the selection of the Program to achieve your intended results and for the installation, use and results obtained from the Program.

License:

A. In consideration of the payment of the license fee, you are granted a personal, non-transferable and non-exclusive license to use the Program under the terms stated in the Agreement. You own the diskette or other physical media on which the Program is provided under the terms of this Agreement, but all title and ownership of the Program and enclosed related documentation (hereinafter referred to as "Documentation"), and all other rights not expressly granted to you under this Agreement, remain with the Company.

B. The images contained in this Product are for personal and home use only in connection with the use of the Product. None of the images may be used for commercial purposes without the written consent of the copyright holder. All images in the Product are owned by their respective copyright holders. The copyright holders of all images of boys, girls, men and women are Pieter Lessing and Phil Condit. All applications for commercial use of any image must be directed to Pieter Lessing at 4365 Mclaughlin Avenue, #29, Los Angeles, California 90066, Telephone number (310) 390-5767, email Lessing@aol.com.

C. The Program may be used by you only on a single computer. Therefore, you must treat the Program just like a book. With the exception of Item D below, just like a book means that the Program may be used by

any number of people and may be freely moved from one computer location to another, so long as there is no possibility of it being used at one location while the same copy is being used at the same time at another location. Just as the same copy of a book cannot be read by two different people in two different places at the same time, neither can the same copy of the Program be used by two different people in two different places at the same time. Site licenses for multiple single users are available. Contact MetaTools, Inc. for details.

D. You and your employees and agents are required to protect the confidentiality of the Program. You may not distribute or otherwise make the Program or Documentation available to any third party.

E. You may not copy or reproduce the Program or Documentation for any purpose, except to make one (1) archival copy of the Program, in machine readable or printed form, for back up purposes only, in support of your use of the Program on a single computer. You must reproduce and include the Company's copyright notice on the backup copy of the Program.

F. Any portion of the Program merged into or used in conjunction with another program will continue to be the property of the Company and subject to the terms and conditions of this Agreement. You must reproduce and include Company's copyright notice on any portion merged in or used in conjunction with another program.

G. You may not sublease, assign or otherwise transfer the Program or this license to any other person without the prior written consent of Company.

H. You acknowledge that you are receiving on a LIMITED LICENSE TO USE the Program and Documentation and that the Company retains title to the Program and Documentation. You acknowledge that the Company has a valuable proprietary interest in the Program and Documentation. You may not use, copy, modify or transfer the Program or Documentation or any copy, modification or merged portion in whole or in part except as expressly provided for in this Agreement. If you transfer possession of any copy modification or merged portion of the Program or Documentation to another party, your license is automatically terminated.

I. If you have purchased a NETWORK version of the software, this license agreement applies to the installation of the software onto a single file server. It may not be copied onto multiple systems. Each node connected to the file server must also have its own node copy of the software that becomes a license for that specific user.

Term

This license granted to you is effective until terminated. You may terminate it at any time by returning the Program and Documentation to the Company together with all copies, modifications and merged portions in any form. The license will also terminate upon conditions set forth elsewhere in the Agreement, or if you fail to comply with any term or condition of this Agreement. You agree upon such termination to return the Program and Documentation to the Company together with all copies, modifications and merged portions in any form. Upon termination, the Company can also enforce any rights provided by law. The provision of this Agreement which protects the proprietary rights of the Company will continue in force after termination. Termination of this license, either voluntarily or involuntarily, does not entitle you to a refund of your purchase cost except as provided elsewhere in this License Agreement.

Limited Warranty

Company warrants, as the sole warranty, that the medium on which the Program is furnished will be free from defects in materials and workmanship under normal use and conditions for a period of ninety (90) days from the date of delivery to you as evidenced by a copy of your receipt. No distributor, dealer or any other entity or person is authorized to expand or alter either this warranty or this Agreement. Any such representations will not bind the Company. Company does not warrant that the functions contained in the Program will meet your requirements or that the operation of the Program will be uninterrupted or error-free. Except as stated above in this section, THE PROGRAM AND DOCUMENTATION ARE PROVIDED AS-IS WITHOUT WARRANTY OF ANY KIND EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. You assume entire risk as it applies to the quality and performance of the Program and Documentation. Should the Program prove defective you (and not Company, authorized Company Distributor or dealer) assume the entire cost of all necessary servicing repair or correction. This warranty gives you specific legal rights and you may also have

other rights which vary from state to state. Some states do not allow the exclusion of implied warranties, so the above exclusion may not apply to you.

Limitation of Remedies

Company's entire liability and your sole remedy will be:

A. The replacement of any medium not meeting Company's 'Limited Warranty' explained above and which is returned to Company or an authorized Company distributor or dealer with a copy of your receipt; or

B. If Company is unable to deliver a replacement medium which conforms to the warranty provided under this Agreement, you may terminate this Agreement by returning the Program and Documentation to Company, authorized Company Distributor, or dealer from whom you obtained the Program and your license fee will be refunded.

Product Returns

If you must ship the Program and Documentation to an authorized Company Distributor, dealer or to Company, you must prepay shipping and either insure the Program and Documentation or assume all risk of loss or damage in transit. To replace a defective medium during the ninety (90) day warranty period, if you are returning the medium to Company, please send us your name and address, the defective medium and a copy of your receipt at the address provided below. In no event will Company be liable to you for any damages direct, indirect, incidental or consequential, including damages for any lost profits, lost savings or other incidental or consequential damages arising out of the use or inability to use such Program and Documentation, even if Company has been advised of the possibility of such damages or for any claim by any other party. Some states do not allow the limitation or exclusion of liability for incidental or consequential damages so the above limitation or exclusion may not apply to you. In no event will the Company's liability for damages to you or any other person ever exceed the amount of the license fee paid by you to use the Program regardless of the form of the claim.

US Government Restricted Rights

The Program and Documentation are provided with restricted rights. Use, duplication or disclosure by the US Government is subject to restrictions as set forth in subdivision (b) (3) (ii) of the Rights in Technical Data and Computer Software Clause at (252) 227-7013. Contractor/Manufacturer is MetaTools, Inc., 6303 Carpinteria Avenue, Carpinteria, CA 93013.

General

This Agreement is governed by the laws of the state of California (except federal law governs copyrights and registered trademark(s)). If any provision of this Agreement is deemed invalid by any court having proper jurisdiction, that particular provision will be deemed deleted and will not affect the validity of any other provisions of this Agreement. Should you have any questions concerning this Agreement, you may contact MetaTools, Inc. at the address below.
