

SUMMER OPEN HOUSE

The first special event of the summer has been announced by Shirley Wilcox, Program Committee Chairman. An informal open house for members-only will be held at the home of Society President, George E. Russell, at 2906 Stonybrook Drive in Bowie on 25 July 1970 at 7:30 PM. All members are urged to attend. They will have an opportunity to browse through George's library which includes a large collection of genealogical periodicals, 1965 to date, and some published Maryland source records. Stonybrook Drive intersects Rte 450 from the south at the first traffic light east of the Bowie Library. Phone 464-1657 for further directions.

NEW SOCIETY ADDRESS

A post office box has been rented by the Society giving us an official address as shown on the masthead above. Secretary Ann Herbert will check the box at least weekly and distribute the mail to the appropriate officers and committee chairmen. By giving us a permanent address this arrangement should avoid difficulties as our correspondence grows and the officers change from year-to-year.

PLANNING AHEAD

N A
G D

Plans are being made to bring the Society into full operation this fall. A special business meeting will be held in August at which all committee chairmen will be given an opportunity to present their plans for fall activities to the Council for consideration. A budget will then be set up which will divide our limited resources among the various committees according to their needs and aspirations as equitably as possible. The various committees will then be able to move ahead with clearly defined goals and resources. If you have some suggestions regarding our future activities, please bring them to the attention of the appropriate committee chairmen soon!

The publications committee has met and begun considering the various forms of publication we might engage in and how they relate to the needs of the Society. The possibilities being considered range from a monthly newsletter to a more elaborate quarterly and to the publication of original source records of Prince George's County.

THE IRS and US

Treasurer, George Justice has obtained an Internal Revenue Service Identification Number for the Society (237064117). This is a very preliminary step along the road to incorporation and obtaining tax-exempt status as a non-profit educational organization.
