

Revision Date: September 21, 2001 Typical 1 T-wall Verizon Store Layout (Strip and Mall Stores)

Science Kits
Toys 4'
Metal Detectors
Bulk Wire

These sections are not represented in this drawing due to lack of floor space.

PrePaid Services

The Prepaid Services section goes away in all Verizon stores. The Connecting People SBU is reallocating this space into the Communications section, expanding it from 4ft to 6ft. This does not require any additional space as are any sections to move location.
