Title of Product	Product Code #	Category
1. <u>20,000 Leagues under the Sea</u> (MSRP \$69.00)	7-44827-57400-8	SB
<p>Captivating narration and beautiful animation tell the classic tale of an adventure 20,000 Leagues Under The Sea. This interactive version let's your children learn and explore the story, as well as many of the treasures and creatures of the sea.... Welcome aboard the Nautilus, an amazing underwater craft that will take children on a reading adven-ture they'll never forget. Based on Jules Verne's timeless classic, this talking storybook makes reading fun and easier than ever before. This program captures the magic of the original tale and brings it to life with animation, music and sound effects that make users feel as if they were actually on board Captain Nemo's submarine. The story's "living pages" lets kids explore on their own, interacting with the program while using the mouse. It is fully narrated. Difficult words are defined aloud when they're clicked on. An excellent adventure for all ages.</p> <p>Win '95?: Y</p>		
2. <u>Adventures</u> (MSRP \$19.95)	7-44827-57452-7	SI/RF
<p>Want to kayak down white water rapids, trek across a desert on a camel, or sunbathe on faraway exotic beaches? You've got it with Adventures, a lively and complete exploration of adventure vacations and unusual travel experiences throughout the world. Search through the main directory. Customize your search through this program's many features. Provides complete travel information on all adventures shown in this must-have guide for anyone interested in travel!</p> <p>Win '95?: Y</p>		

3. **The Adventures of Pinocchio** (MSRP \$69.00) 7-44827-57401-5 **SB**
- The biggest and most beautiful electronic storybook. Magical sights and full narration bring this original adaptation of Carlo Collodi's classic tale to life as children read about the mischievous puppet, Pinocchio. Delightful animation and sound effects accompany this full length storybook. Kids will not be able to wait to turn the page and find out what trouble Pinocchio gets into next with the odd characters he meets in every scene. Pinocchio upstages the famous Fire Eater, upsets a schoolroom, turns into a boorish donkey and explores the innards of a huge shark, as he searches for his father and the secret to his own humanity.

Win '95?: N

25. How to Inspect & Buy a Used Car (MSRP \$39.95) 7 44827-57478-7 **SI**

This title is a MUST for any WISE shopper. In this age of caveat emptor -- let the buyer beware -- our experts are meticulous about hidden secrets that can tip you off as to whether or not you're getting a bargain or somebody else's MECHANICAL NIGHTMARE! We use video to show you what to look for and provide text files you can print out to help you remember when you go shopping. Did you know this trick? You're looking at a 10 year old car with 50,000 miles on it. Sounds good, right? Did you look at the rubber on the brake pedal? It should be worn a bit, but not ancient or brand new. That could tip you off that there are more than 50K miles on the car. Also, double check the rubber on the emergency brake handle or foot post. Just a sample of the kind of handy tips loaded on this information-packed CD-ROM.

Win '95?: Y

57. Cooking Companion 7 44827-57443-5 **SI/RF**

With over 700 recipes and 1,500 ingredients, this electronic cookbook makes adding your personal favorites a breeze. You can use Windows utility features like drag and drop, and store more recipe information using less disk space. Special features include: optimum search capabilities that search by cookbook, category, recipe, or ingredient. Powerful printing capabilities allow you to print recipes, cooking instructions, and shopping lists. Works in conjunction with **Diet Balancer** (listed separately) for meal planning. Cooking Companion has too many features to list that will make keeping and looking through recipes very easy.

Win '95?: ?

58. Diet Balancer 7 44827-57444-2 **SI/RF**

Diet Balancer's health and nutrition guide offers all the knowledge you need for keeping track of a healthy diet. With over 1700 foods in its database, you can calculate your intake with ease. It is also very good for monitoring special diets (low/no sugar, low cholesterol, etc.). Features include expandable database (disks acquired separately), highlight option which reviews your data entry and highlights excess fat intake, and more!

Win '95?: ?

59. Digital Downs (MSRP \$29.95) 7 44827-57406-0 **GM**

Capture the excitement of spending a day at the races! Wager on a field of up to eight horses, out of 1000 horses from 10 stables. Each stable has jockeys and trainers whose abilities may affect the outcome of a particular race, just like the real world! As you play, the results of each race build racehorse histories, showing how each has performed in the past. Race winners move up in the racing categories and vie for a higher stakes race. Daily race forms show the horse's name, age, handicap, weight, race length, purse, type of race, jockey, stable and trainer. Bet from \$2 to \$100. Win, Place, Show, Exacta, Quinella and Daily Double bets are all available. Wager results reveal your bets, winnings, losses, stake and net earnings.

69. Madness of Roland

7 44827-57

SB

In 782ad. there wasn't video... people talked, but nothing like today with media coverage. In 782 there was Roland... a man, a legend. This is the world's first interactive multimedia novel. Based on the legend of the Paladin Roland, a knight in the service of Charlemagne, the story is told from multiple points of view, which you can move among at will. Each character tells their own, often contradictory, version of the story. Roland uses text, digital color paintings, animation, Quick Time video, professional "radio theater" narration, hypertextual links and a complete original sound track to transport you to the world of Charlemagne's France. This program will forever change the way you look at books. Hailed as, "... stunningly beautiful!" - by The New York Times.

Win '95?: ?

70. Operation Just Because (MSRP \$)

7 44827-57428-2

GM

In the true spirit of ship to ship battles, and consistent with the famous board game, you get Operation Just Because - the computerized game of battling ships. High level strategy and a little luck are winning ingredients. Yet, this game is so easy a preschooler can master it in minutes.
