

A collage of desert landscape photographs. The top portion shows a wide, flat desert valley with distant mountains under a pale sky. The middle portion features a large, dark, textured rock formation. The bottom portion is dominated by a vast, undulating sand dune landscape with distinct, wavy ripples. The word "SURVIVOR" is printed in white, bold, sans-serif capital letters on the right side of the image, overlapping the dark rock formation and the sand dunes.

The image is a complex collage. At the top, there is a section of white paper with a light blue grid pattern, showing signs of aging and staining. Below this, a larger area of textured, yellowish-brown paper is visible, also showing signs of wear and discoloration. In the lower portion of the collage, there is a landscape illustration. The sky is a pale, hazy blue, and the ground is a mix of brown and tan tones, suggesting a dry or rocky terrain. The overall appearance is that of an old, weathered document or a piece of art made from recycled or salvaged paper.
