Problem   Purpose is to show a beginner how to
          set up a simple gantt chart in 1-2-3.
          A standard symbol (|---) is used to represent time passage.
          Symbol is copied and moved around to signify when an event
          will take place and how long it will take. One screen set up
          for monthly events, one for quarterly, and one for yearly.

Block Diagram

```
 _____
|                        |
|    Monthly 1yr         |
|_____|
|                        |
|    Quarterly 3yr       |
|_____|
|                        |
|    Yearly 11 years     |
|_____|
```
