77.1 USGA rating from the tournament tee's

Course Facts: 210 Acres

27 Acres of fairways

23 Acres of lakes

6 Acres of sand traps

3 Acres of greens

80 Acres of shrubs & plants

There are more lakes and sand traps than fairways.

IMPORTANT: This course is meant to be played in expert mode and from the championship tee's, anything less would take away from the experience. All drives from the tee can be made simply by hitting it 250 in yardage and straight. Please note that it may seem like some shots need to be perfect, they do not. Try a little draw or fade if you are repeatedly having a problem with a hole. All holes have several possibilities for shots so that one definite shot is not needed.

I would like to give special thanks to Gene Rodriguez III for the background. Also thanks are in order to the designers listed below with their respected courses, if you do not have any of these please get them they are truly a work of art and create courses. Scott Chesney; Banff Springs & Pebble Beach, Lee Ritze; Augusta 93, Gene Rodriguez III; Furnace Springs & Royal St Kitts, Brain Silvermail; Rolling Evergreen.

If you like this one please try Royal Kaanapali or my Desert series from Palm springs !
