

**Jeff Cazel MIDI  
13265 SW Cottontail  
Beaverton, OR 97005 USA**

 **Order Form** 

You can register all **Jeff Cazel MIDI** programs with the order form on the following page. Registered users can access the enhanced features of and download free updates to the program(s). And finally, your "please register" screen will go away.

You must register a program to legally continue to use it, but buying the disk and manual are optional. Registering (via the top half of the order form) does not include a disk and manual.

Send your check or money order payable in US dollars to the above address.

\* \* \* \* \*

*CompuServe* users can register either *Clyde* or the *SongCanvas* online! The charge for the program will show up on your next billing statement. Type **GO CIS:SWREG** **<Enter>** and follow the instructions. The registration ID for *Clyde* is #660; for the *SongCanvas*, it's #143. If you want to register both programs, however, you should do so directly through me since the package price is cheaper that way.
