K₁$₂#₃# Overview of PE Files

This section of the help file will contain a general discussion of the PE file format and its ancestors.

1^K Overview
2[$] PE File Overview
3[#] techinfo_overview

MZ Header

This section of the help file will contain an explanation of the "MZ" real mode program header.

Real-Mode Stub Program

This section of the help file will contain a description of the real mode "stub" program.

PE File Header

This section of the help file will contain a description of the "PE" (portable executable or paged executable) file header.

10K PE;Header, PE
11$ PE File Header
12# techinfo_pe

K~13~$~14~#~15~COFF File Header

This section of the help file will contain a description of the COFF File Header.

13^K File Header;COFF
14^$ COFF File Header
15^# techinfo_filehdr

COFF Optional Header

This section of the help file will contain a description of the COFF Optional File Header.

K₁₉$₂₀#₂₁Section Headers

This portion of the help file will contain a description of the COFF Section Headers.

19^K Section;Header, section
20[$] Section Header
21[#] techinfo_secthdr

K₂₂$₂₃#₂₄.text Section

This portion of the help file will contain an explanation of the COFF .text (code) section.

22^K Text;Section
23[$] .text Section
24[#] techinfo_text

K₂₅$₂₆#₂₇.data Section

This portion of the help file will contain an explanation of the COFF .data (initialized data) section.

25^K Data;Section
26[$] .data Section
27[#] techinfo_data

K[25]$[26]#[27].data Section

This portion of the help file will contain an explanation of the COFF .data (initialized data) section.

25[K] Data;Section
26[$] .data Section
27[#] techinfo_data

K$_{28}$$$_{29}$#$_{30}$.bss Section

This portion of the help file will contain an explanation of the COFF .bss (uninitialized data) section.

28^K BSS;Section
29$^$ .bss Section
30$^#$ techinfo_bss

K$_{31}$$\$_{32}$#$_{33}$.idata Section

This portion of the help file will contain an explanation of the COFF .idata (import table) section.

K$_{34}$$$_{35}$#$_{36}$.edata Section

This portion of the help file will contain an explanation of the COFF .edata (export table) section.

K₃₇$₃₈#₃₉.rsrc Section

This portion of the help file will contain an explanation of the COFF .rsrc (resource table) section.
