## CMPQWK Reader Sysop Registration Form

---

If you operate a public BBS system and would like to help your users register **CMPQwk**, have we *got an offer for you!* If you get ten or more users to register at one time, and you submit their registration materials (address, name, and so on) in a single order with a single check issued by the BBS sysop, we'll register them all for \$25 each *and* we'll provide the sysop with a complimentary registration for helping us.

Here's how to do it if you're interested:

### Sysop Registration Procedure

- 1) Advise your users that if they register through you in groups of **ten or more**, they will only have to pay \$25 per registration.
- 2) Once you've got the minimum number, request that they send checks to YOU (not us). When you've collected all their checks, issue a check from the BBS account (or the sysop's personal account) to cover the requested number of registrations.
- 3) Be sure the users fill out the required information from REGISTER.TXT. Either print all the registrations and mail that to us with your check, or mail the check with a DOS floppy disk containing a text file that covers all the users registering. Be sure the information is complete or we won't be able to process the registration.
- 4) Once your check has been processed, we will mail you a postcard (or postcards) with the names of your users, their key numbers, and so on, as well as a key number for yourself. If you're in California, be sure to include applicable sales tax.

---

**DO NOT SEND CASH!**

---

Please make your check or money order out to **Derek Backus**. If you pay by check, your registration keys will be mailed to you as soon as the check has been processed, which generally amounts to about ten working days. Money orders are usually faster, but in any event expect your registration postcard(s) to arrive within two to three weeks for orders in the continental United States. Foreign orders may take eight weeks or more, depending on the mail service and mailing method.

Please fill in the information below. If you have any questions or comments, put them on another piece of paper or better yet, send them to Derek via **The Patchbay BBS**, **The Dataphile BBS** or Compuserve. See the help file for details on this.
