

Please note: VISA/MC Registration will NOT be available until the end of July, 1993.

----- **CMPQwk Visa/MC Registration Instructions** -----

Please register this product if you intend to use it. If you are a registered user of another offline mail reader such as **OLX** or **WinQwk**, please also see UPGRADE.WRI. If you're a public BBS sysop, please see SYSOP.WRI. If you want to register via Compuserve, please see COMPUSR.VRI.

You can register **CMPQwk** via credit card by calling one of the support BBS systems in the Los Angeles area. The numbers for those systems will be at the end of this file. You can upgrade from another mail reader via credit card, but you'll have to enter some additional information that we will then verify. Also, there is a cash discount if you order by check or money order, since that method costs us less to perform.

Credit card registration procedure

It's really rather easy. When you call one of the support systems, log as **CMPQWK USER** with the password **REGISTER**. At the main menu you'll be presented with the option to run the Registration Questionnaire, or the door will automatically run once you've logged in under that account name (depending on the particular BBS).

Select **REGISTER** from the menu. The questionnaire or door will request some information. You will need to enter your name, your telephone number, your address, the bank name issuing your credit card, the credit card number and expiration date. Be sure to enter your name **exactly as it appears on the card** or the transaction may not complete. You will be asked to confirm which product you would like to register and whether or not it's a new registration, upgrade, or sysop package registration. What happens then will depend on the type of order.

New Registration: Once you've entered all your data the system will record it and you will be mailed a postcard with your registration key and numbers. New registrations via VISA or Mastercard cost \$47.50 plus applicable California State sales tax.

Upgrade Registrations: If you're upgrading from a competitor's product (*WinQwk*, *OLX*, *SLMR*) select **UPGRADE** from the menu. It will ask you exactly the same questions as "Register" only it will add a few more. You will be asked to enter the product name and serial number of your existing mail reader, in addition to the name, address, and credit card information. After we verify your current ownership (by calling the author of your exiting mail reader) we will mail you a postcard with your registration and key numbers. Upgrade registrations via VISA/MC cost \$28.75 per copy plus applicable California State sales tax.

Sysop Registrations: Sysops who want to register **ten or more** of their users can call in to the registration door and do so just like regular users. They need only select **SYSOP REGISTRATION** when they are presented with the registration menu, and the door will list a default of **TEN** registrations ordered (you may add more when it asks you to confirm that number but you may not select less than ten). The questionnaire requests the sysop's name, the name and telephone number of the BBS he or she operates, the usual credit card information, and the names of your users. Enter their names **exactly as they want them to appear on their registrations**, seperated by commas. You will be mailed one or more postcards with your user names and their keys/registration numbers as well as a complimentary registration for the sysop for helping us. Sysop registrations done in batches of ten or more units cost \$28.75 per unit plus applicable California State sales tax.

You may register via Visa or leave a message for Derek Backus on any of the following Los Angeles California (USA) BBS systems:

The Patchbay BBS (Home of CMPQwk)
(818) 441-3965
Sysop: Daniel Bise
Associate Sysop: Todd Henschell

The Dataphile BBS (A support site)
(818) 957 5813
Sysop: Grant Willey
Associate Sysop: Todd Henschell

Derek Backus may be reached on CompuServe at: **72233,3255**

On the Internet you may route to: **DBACKUS@PATCHBY@SPEEDWAY.COM**
