

# JUNGLE SAFARI

## Description:

Take a journey into the African jungle where users control what they see, read and hear. This best-selling title introduces 80 plants and animals and is appropriate for any age. Users explore four different habitats: The Plains, Rain Forest, Tall Grass, and River Front. Click the mouse on an animal to see its baby offspring, hear the name of the animal, and read or listen to the fascinating facts about that animal. When the safari is over, explorers may print out "photographs" from their adventure in the jungle. Even pre-readers can easily learn from this easy to use and informative program.

## Trick's, Tip's and Trap's:

This game exits by holding down the Alt key and pressing the function F4 key. Most games use either the mouse or arrow keys for movement of players/characters. The Space Bar, Shift Key and Control Key sometimes have hidden abilities. Read the opening game screen and help files (if menu is available) for specific instructions and for game objective. In some cases it's necessary to know and understand what the game objective or goal is to finish the game.

We hope you enjoy this game. If you have ideas for different games or suggestions on this game, please feel free to write or fax us with your ideas. Please see below for information on contacting us.
