Travel Pro™

The Feature Rich Affordable Notebook Computer

13.3" Display

The TravelPro 2020CX is powered by the 200MHz Intel Pentium Processor with MMX™ Technology, boosting audio, video and image rendering & processing. The TravelPro 2020CX takes advantage of the Intel MMX™ Technology innovations with a host of specialized multimedia features:

● **Power Your Performance**
The power of the 200MHz Intel Pentium® Processor with MMX™ Technology, Plug & Play PCI Architecture, Opti Viper N+ accelerated chipset and fast EDO RAM combine to provide blazing system performance. High yield Lithium Ion Battery and enhanced power management controls offering unsurpassed continuous operation.

● **Power Your Communication**
Internet ready with built-in 33.6 Fax/Modem, FIR Fast Wireless Infrared Port and high speed serial and parallel ports.

● **Power Your Presentations**
A brilliant 13.3" XGA Active Matrix display and 2MB of high speed Video RAM for internal resolutions of 1024x768 and 65,000 colors. An Internal 10x CD-ROM drive, 16bit "Real Sound" Wave Table Synthesis and built-in Video Capture provide outstanding audio/video performance.

● **Power For Expansion**
Up to 80MB of RAM, Removable Hard Drive for virtually unlimited storage, PC Card Type III with Zoom Video and support for dual Lithium Ion Battery operation

Travel Pro ™

The Feature Rich Affordable Notebook Computer

2020 Detailed Specifications

Processor	200MHz Intel Pentium® Processor with MMX™ Technology
Cache	32KB Internal - 512KB Pipeline Burst SRAM - L2
Bus	32bit PCI - Plug & Play
System Chipset	Opti Viper N+
BIOS	System Soft 1.0 - Flash Upgradable
Base RAM	32MB EDO - 60ns
Installable RAM	48MB, and 80MB
Video System	C&T 65550
Video RAM	2MB
Display	13.3" XGA - TFT (Active Matrix) Color
Resolution	Internal: 1024x768 - 65,000 colors External: 1280x1024 (max) - 16.7 million colors (max)
Base Hard Drive	2.1GB - IDE - Mode 4 compliant
Drive Interface	PCI enhanced IDE - ATAPI compliant
CD-ROM	Internal 10x Enhanced IDE - ATAPI compliant
Floppy Drive	1.44MB Removable
PC Card	Type III - Zoom Video support
PC Card Interface	32bit Card Bus
Fax/Modem	Internal 33.6 Fax/Modem
Audio Chipset	ESS 1788 - SoundBlaster Pro™ compatible
Audio System	16bit Stereo Wave Table Synthesis - 44KHz record / playback
Audio Controls	Volume Control, Line In, Speaker Out, and Microphone In
Speakers	Dual Stereo
Battery Type	Lithium Ion - 42W
Battery Life	2 to 4 hours
Power System	Auto Switching 90-264 VAC
System Controls	Contrast, Brightness, Suspend, and Resume
Power Management	SMM, APM - Full Device / Peripheral Control
Ports	16550 Serial, EPP/ECP Parallel, Universal Serial Bus, Video, PS2 Keyboard / Mouse, Docking Station, FIR Fast Wireless Infrared, and Video Capture In
Pointing Device	Programmable Trackpad
Keyboard	88Key (101 compatible) with dedicated Win95 keys
Weight	6.3Lbs.
Dimensions	12"W x 9.6"D x 1.9"H
Included Software	Windows 95, Internet Utilities, System Accelerator Utilities
Included Hardware	Internal Fax/Modem, AC Adapter, Lithium Ion Battery, Carrying Case
Warranty	3 Years - Parts and Labor
