56K EXTERNAL FAX MODEM BOCA

Accelerate Through The Net At Warp Speed!

Boca's 56K Internet Modem™ gives you the ultimate solution for both your entertainment and professional needs. And thanks to its ultrafast 56K breakthrough technology, it's a tool that you will use for years to come.

K56 FLEX

Turn Your Computer Into A Full-Featured Communications Station.
Get rid of your fax and answering machine. You'll find a complete package of telephony software that'll allow you to send and receive voicemail, faxes and data from your PC. Your PC will become a crystal-clear speakerphone with boardroom-quality sound. You'll even get advanced features like caller ID* so you can see who's calling before you answer and more. *Requires caller ID service from your local telephone company

Make The Web Work For You.
Boca provides you with an amazing collection of the very best Internet tools. With the slickest browser available from Netscape, the most widely adopted e-mail package—QUALCOMM Eudora, and the ability to talk over the Internet at the price of a local call**, your PC will be a lean, mean machine. Boca even provides you with more options to help protect your PC from viruses and to help block undesirable Internet sites from your children. **Requires a valid Internet account

Upgrade In A Flash!
Easy upgradability allows you to stay current with the latest features and enhancements. By visiting the Boca Research Web site, you'll be able to download these updates in no time!

Plunge Into The World Of Serious Gaming.
Play head-to-head while talking to your opponent. Go ahead and "rub it in" as you blow up their ship. And thanks to its lightning-quick speed, you'll play the hottest games available today the way they were meant to be played—fast!

Play Games For Days Without Growing Bored!
Even gamers with an unquenchable thirst for thrills will appreciate the vast variety of included games. Enter the world's largest gaming arena—Total Entertainment Network! You'll get a complete package of software necessary to access the on-line gaming world. In the Total Entertainment Network, you'll find lots of games, and better yet...thousands of opponents ready to test their skills against yours!
