PERSONAL ELECTRONIC NOTEBOOK

No matter who you are, the ability to access important information is the key to success. That's what makes the Super PowerNote® the perfect partner for anyone who wants versatile, affordable power to get organized, get ahead, or just get the job done.

The Perfect Partner for... PC OWNERS

The Super PowerNote® is the perfect complement to your "at home" or "at work" personal computer. You can take your PC files with you to that important meeting or on vacation. Print by attaching to your PC printer or transfer the files into your PC for editing or printing. For the first time ever, it's portable, affordable, and compatible.

STUDENTS

Don't take handwritten notes in class and then re-type. Take a Super PowerNote® to class, the library or outdoors. The files you create will be compatible with major PC word processing programs, so you can share your files with a PC. Or, you can print directly from your Super PowerNote® to virtually any printer. With the optional data modem, you can go on-line with CompuServe® for a world full of reference materials or keep in touch with your friends and family via E-mail. Plus, it's under five pounds and fits easily into a knapsack.

PROFESSIONALS

It's easy to work on the train, in your car, or at home. You can polish that proposal, write that novel, crunch those numbers...even if you don't have a PC. Keep organized and on time by using the scheduler, calendar, clock, addressbook, or the "Things To Do" list. With the optional data modem you can even access CompuServe® or send and receive E-mail on the Internet.

THOSE WHO DON'T KNOW HOW TO USE A PC

If the computer age is still a mystery to you, relax, you're not alone. Many people are intimidated by complicated computer hardware, software, bytes, and the like, not to mention price. The Super PowerNote® is so incredibly easy to use and easy to afford, it makes it possible for anyone to do word processing, spreadsheets, and to simply keep organized. If you can type, you can use Super PowerNote®.

ON-LINE USERS

Take CompuServe® on the road with you. With the optional data modem you can stay up to date with all the latest information, even access your E-mail. You have the world at your fingertips.
