

Canon

THE ULTIMATE IN PORTABLE COLOR PRINTING

NEW
FEATURES

Exclusive Drop Modulation Technology

Significantly enhances print quality

Exclusive Color Image Scanner Cartridge (optional)

Instantly turns the BJC-80 into a color sheetfed scanner

Built-in IrDA Interface

Cable-less printing with IrDA-equipped Windows® 95 computers

The Ideal Road Warrior's Companion

Now you can take desktop printing quality and convenience with you wherever your work gets done with the Canon BJC-80 Color Bubble Jet printer. It's the ultimate printing companion for the mobile professional.

No-Compromises Portable Printing

The BJC-80 features the latest Canon technology for portable performance without compromise. Like Drop Modulation Technology, which gives sharper, richer color. You can even scan images and artwork on the road, because the BJC-80 can instantly become a high-quality color sheetfed scanner with the optional IS-12 Color Image Scanner Cartridge, a Canon exclusive. Your presentations and reports will look better than ever.

The BJC-80 can go anywhere you need to go with its compact, lightweight design. Using its standard IrDA interface, you can print from IrDA-equipped Windows 95 computers without a cable. You can even leave the power cord home—its optional rechargeable battery pack lets you print up to 200 pages.

Get the Most Out of Your Canon Printer

Canon inks are designed to take full advantage of our PhotoRealism™ technologies. And Canon papers add tremendous versatility to your printer. So stock up on High Resolution Paper for vibrant color documents, transparencies for crisp presentations, or High Gloss Film for extra impact.

BJC-80
