7000 Color Jetprinter
Technical Specifications

Precision performance in a desktop printer

When you demand laser-level performance and high-impact color for the business desktop, the Lexmark 7000 Color Jetprinter delivers with laser-sharp text, exciting color and exceptional attention-getting images. Now with custom driver support for Windows NT 4.0, the Lexmark 7000 Color Jetprinter offers true business-class performance with precision printing, fast output and a robust design.
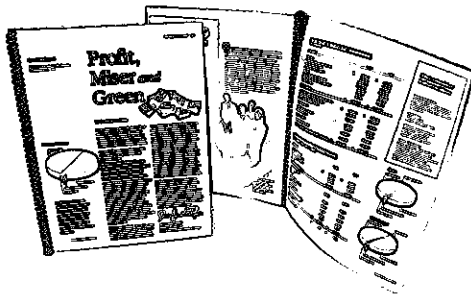

The Lexmark 7000 Color Jetprinter provides laser-like quality on plain paper with up to 1200 X 1200 dpi resolution in black and color, and 600 x 300 dpi in the fastest mode. Using Lexmark high resolution waterproof black ink and optimized color inks, the Lexmark 7000 Color Jetprinter offers fade-resistant black text and vibrant colors for crisp, business-winning output.

An attractive solution for productivity and convenience, the Lexmark 7000 Color Jetprinter delivers blazing speeds of up to 8 ppm in black text and 3 ppm in color. The Lexmark 7000 Color Jetprinter handles more than 2,200 prints monthly and supports a wide variety of business media, including transparencies, labels and envelopes.

Leading technology delivers business-class solutions

- Custom driver support for Windows NT 4.0, Windows 95 and Windows 3.1x
- Dual-head design provides color and true black printing simultaneously
- Excimer laser-crafted print heads deliver precision printing and superior resolution at high speed
- Lexmark's high resolution waterproof black ink offers crisp, fade-resistant black text and gray scales on plain paper
- Optimized color inks for vibrant business graphics and photo-realistic images
- Broad media support includes transparencies, envelopes, labels and more
- Optional Lexmark EX2 Technology™ and photo cartridge for six-color photo-lab quality images and vivid colors*

Requires optional photo kit upgrade (P/N 17B0060)

Laser level text and high-impact color make your business materials stand out from the crowd.

Part Number
- 17B0001

Supplies
- Ships with high resolution waterproof black ink cartridge (P/N 12A1970) and color cartridge (P/N 12A1980)
- Optional photo kit (P/N 17B0060)

Technology
- Dual-head thermal inkjet
- Excimer laser-crafted print heads

Print Quality
- 1200 x 1200 dpi edge sharpness in black and color
- 600 x 300 dpi fast printing

Speed

Operating System	Mono Speed	Color Speed
Win95/3.1x/NT4.0	Up to 8 ppm	Up to 3 ppm

Recommended System Requirements
- 486 or faster IBM compatible personal computer
- 8MB memory (16MB required for Windows NT)
- IEEE 1284-compliant Bi-directional printer cable
- 5MB of space on hard drive (10MB for Windows NT)

Duty Cycle
- Up to 2,222 pages per month

Connectivity
- High-speed bi-directional parallel port (IEEE 1284)

Font Selection
- Host-based fonts in Windows

Paper Handling
- Automatic sheet feed: 150 sheets; 50 labels, transparencies; 15 envelopes, cards

Usability Features
- Windows ColorFine™ driver; ink level indicators; Quick Print 600 mode; audiovisual print cues; page collation; 2-button, 2 LED operator panel;

Environmental Features
- Energy Star compliant, recycled packaging

Size/Weight
- 12 in.H x 17 in.W x 10.5 in.D (188mm x 462mm x 238mm)
- 9.5 lbs. (4.3 kg)

Acoustics
- 47 dBA operating

Warranty
- One-year LexExpress℠ warranty or customer carry-in
- Extended warranty options available
- On-Site options available
