

MAXTECH[®]

YOUR GLOBAL CONNECTION
Plug 'n' Play For Easy Installation

NETPACER™

**56,000bps
Fax Modem**

FASTER SPEED - INSTALLS IN A SNAP!

Tired of wasting time and money waiting to download large graphic files from your favorite on-line service or WEB site? Well now you can transfer those large graphics in a fraction of the time with MaxTech's NetPacer Fax Modem. Outpacing the leading 28.8Kbps modem 2 to 1, the NetPacer features a data rate of 56,000bps and supports V.42bis for an error free throughput! Other features include a Group III 14,400 bps Fax and Plug 'n' Play functions for quick and easy installation without the hassles of COM Port/IRQ configuration. In addition, each modem conforms to all popular ITU standards up through V.34 to ensure a reliable connection to any standard modem you are connecting with.

FREE FAX/DATA SOFTWARE AND ON-LINE SERVICE PACKAGE-

Free Fax/ Data software for DOS & Windows is included on easy to install diskettes, so you are ready to take advantage of sophisticated fax and data communication features with just a few strokes of the keys. Plus with FREE Internet Software and extensive on-line service packages, you'll be surfing the net, sending e-mail messages and going on-line in no time at all.
