## Space-saving, network-ready PC sets a new standard for efficiency and reliability
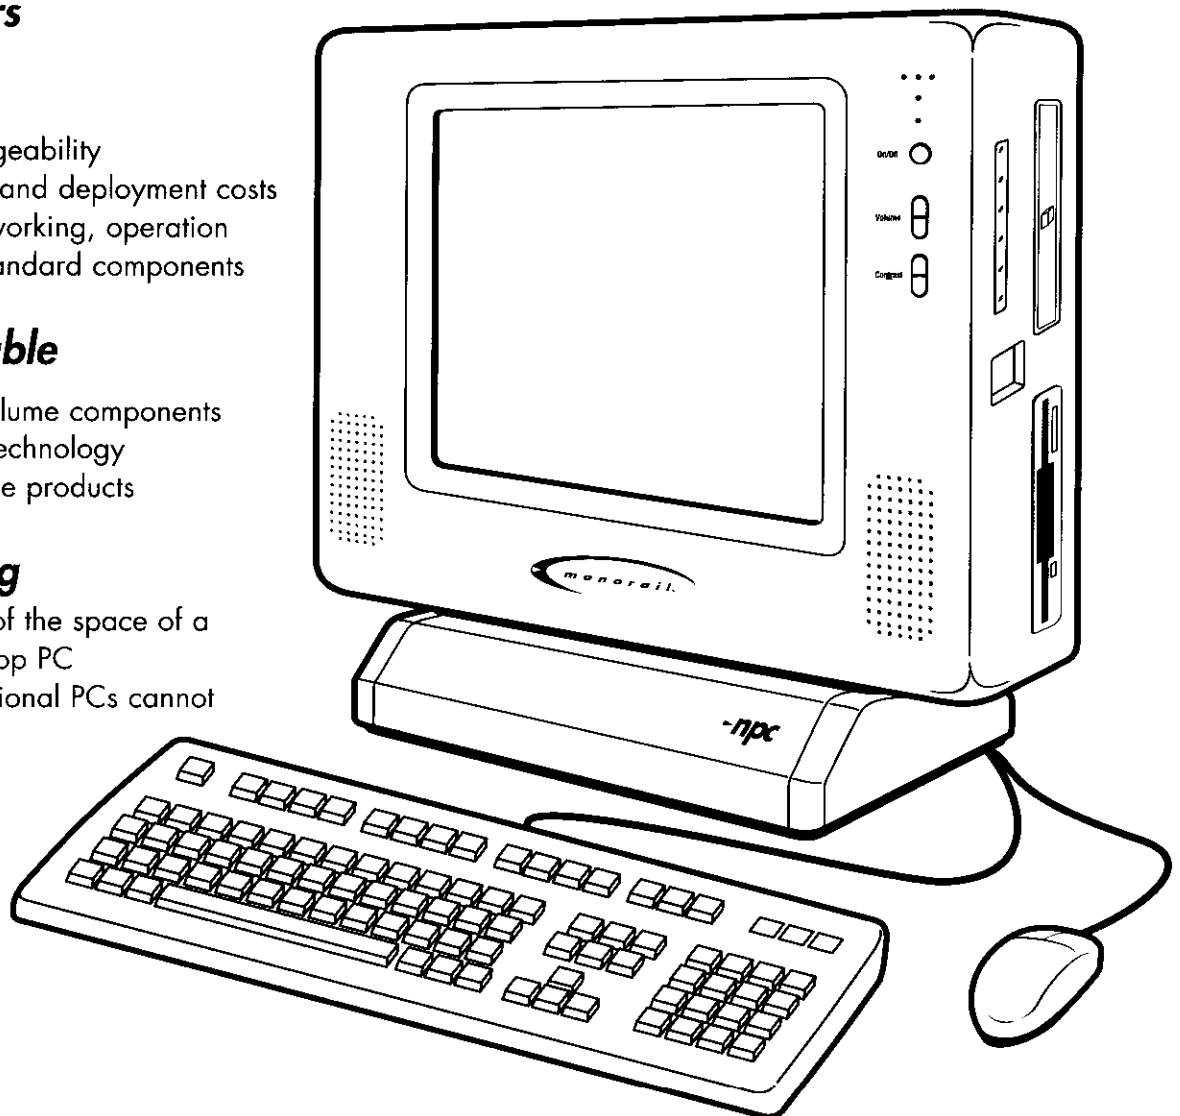

### ► Efficient

- Extensive manageability
- Low acquisition and deployment costs
- Easy setup, networking, operation
- Uses industry standard components

### ► Reliable, Stable

- Quality, high volume components
- Proven mature technology
- Consistent, stable products

### ► Space-Saving

- Takes just 20% of the space of a traditional desktop PC
- Fits where traditional PCs cannot

# Monorail NPC

## Monorail NPC Product Line

Here is the most efficient network-ready PC for your business. The full-featured Monorail NPC provides you with a less expensive, easier-to-deploy alternative to the traditional PC. Extensive, built-in desktop manageability means easy maintenance of all your Monorail NPCs. And because Monorail uses only proven, high-volume industry-standard components, the Monorail NPC is known for reliability. The Monorail NPC's trademark space-saving design requires only 20 percent of the desktop space of a traditional PC so it fits in any business environment.
