  - • V.27ter at 4800, 2400 bps
- Class 1 fax (external modem)
- Class 1 fax and Class 2 fax (internal modem)

• ERROR CONTROL AND DATA COMPRESSION PROTOCOLS
- V.42 error control: LAP-M and MNP 2-4
- V.42bis data compression and MNP 5

• OPERATIONAL FEATURES
- • 16550 UART provides 16-character buffer - enhances high speed and background performance (internal modem)
- • DTE (computer to modem) rates up to 115,200 bps
- • Supports Hayes® Standard AT Command Set
- • Fast automatic rate renegotiation and retrain
- • Hardware speaker
- • Automatic adaptive equalization
- • Power-on self-tests
- • Auto dial/answer
- • Pulse or touch-tone dialing
- • Full-duplex operation
- • Four selectable interrupts: IRQ 2 through 5

▶ SPECIFICATIONS
- • Interfaces: RJ-11, RS-232
- • Receive Sensitivity: -41 dbm
- • Transmit Level: -10 dbm
- • Dimensions External: (L) 7.1" x (H) 5" x (W) 1.1"
- • Dimensions Internal: (L) 5.25" x (H) 4.2" x (W) .75"
- • Minimum System Requirements: IBM PC or compatible with 640K of RAM, hard disk drive, a shielded RS-232 cable (external modem), and a CD-ROM disk drive for the provided software.

▶ TECHNICAL SUPPORT

7 days-a-week live technical support.

▶ WARRANTY

Lifetime Limited Warranty covers defects in materials and/or workmanship. This warranty is for this modem product sold in the United States and Canada only.

▶ QUICKLINK II™ DATA/FAX SOFTWARE
- • Data/fax program for both Windows® and DOS
- • Easy-to-use communications package
- • Send faxes from Windows and MS-DOS applications
- • Windows and MS-DOS applications share schedulers, logs, phone directories and fax image files
- • Fax scheduling and broadcast capabilities
- • Supports major file transfer protocols and terminal emulators and includes a powerful scripting language for Windows and MS-DOS environments

- • Integrated file conversion utility for importing file formats including ASCII, BMP™, PCX™, DCX™, TIFF, MacPaint™, and others

▶ FREE CD-ROM SOFTWARE

The Practical Internet Kit provides software for novice, intermediate and advanced users to **Learn** about the Internet, **Access** the Internet, **Talk** on the Internet and **Protect** their PC from exposure to viruses.

▶ LEARN
• MindQ INTERNET ONLINE
A self-paced tutorial with an easy-to-use interface that guides you through the complexities of the Internet **without online costs.**
- Presents information in tours, topics, and steps with tips for using the Internet
- Contains complete reference and how-to information; includes information on more than fifty Internet sites of interest
- Dramatically increases personal productivity and improves individual technical skills

▶ ACCESS
• INTERNET SERVICE PROVIDERS
Users can subscribe to any one of the top service providers offered in the kit including: America Online®, CompuServe®, SPRY®, Global Network Navigation (GNN), Prodigy®, and NETCOM's Internet Access Kit that includes the Netscape Navigator Internet™ client.

▶ TALK
• QUARTERDECK™ WebTalk™
- Why type when you can rant, rave, laugh or sing around the world over the phone on the Internet for no more than what you're already paying for a local Internet connection?
- Full-duplex transmission gives the best quality.
- Instant account set-up with the service provider of your choice.
- No need for expensive ISDN connections - works great on a 28.8 Kbps or 33.6 Kbps modem connection!

▶ PROTECT
• McAfee VirusScan™
"There are over 8,000 known computer viruses and researchers estimate that 200 new viruses surface every month. VirusScan can provide the industry's highest virus detection rates offering flexible and immediate scanning options as well as complete virus removal."
