

Shipped from the factory with hardware and software to match your specific configuration requirements, Procom Technology's plug-and-play CD Tower-21Server will be an instant success with everyone on the network. With its built-in 32-bit or 64-bit CPU and up to 21 4X, 8X or 12X CD-ROM drives, the CD Tower-21Server will meet the performance and on-line data demands of any organization.

Designed for performance and ease-of-use, this CD Tower is the perfect information distribution system.

The CD Tower-21Server's high-performance CPU will maximize data transfers without degrading the network's fileserver, and is pre-configured with a customer-specified network card and CD-ROM networking software. For even more CD-ROM data storage, you can connect our CD Tower-21Plus directly to a CD Tower-21Server for a total of 27.7 GB of on-line data.

The CD Tower-21Server is unstoppable. Redundant power supplies and fans, and modular CD-ROM drive racks will keep the CD Tower up and running for 24-hour information distribution operations.

The CD Tower-21Server is backed by an unmatched service program that includes toll-free technical support and the convenience of optional On-Site repair by certified field service engineer.

Features	Benefits
<ul style="list-style-type: none"> <li>● Provides up to 13.6 GB of information for your network</li> <li>● Multiple on-line 4X, 8X or 12X CD-ROM drives</li> <li>● Modular CD-ROM drive banks, redundant and hot-swappable power supplies and fans</li> <li>● Network ready from the factory</li> <li>● Includes a high-performance 32-bit hardware</li> <li>● High-performance 32-bit software available for popular networks</li> </ul>	<ul style="list-style-type: none"> <li>● Perfect storage medium for networking reference materials, records, contracts, archives and other large files</li> <li>● Instantaneous access to the data you need</li> <li>● Unstoppable; perfect for a 24-hour, seven-days-a-week information distribution operation</li> <li>● Pre-configured hardware and software to match your network's data distribution and performance requirements</li> <li>● Pre-configured at the factory for Ethernet, Fast Ethernet, Token Ring, FDDI, CDDI, or ATM network environment</li> </ul>

All Procom Technology products incorporate meticulous design and superior engineering to ensure all solutions deliver uncompromising quality. Each Procom Technology product is rigorously tested under the most adverse conditions.

### CD Tower-21 Server Specifications

	Quad-Speed T4X	Eight-Speed T8X	Twelve-Speed 12X
<b>PERFORMANCE</b>			
Average Access Time (ms)	150	< 140	125
Sustained Data Transfer Rate (KB/sec)	600	1200	1800
Burst Data Transfer Rate (MB/sec)	4.2	4.2	10
<b>GENERAL SPECIFICATIONS</b>			
Formatted Capacity (MB per drive)	650		
CD-ROM Interface	SCSI-2		
Drive Form Factor (inches)	5.25		
Embedded Cache Buffer (KB)	256		
<b>MECHANICAL CHARACTERISTICS</b>			
Loading Mechanism	Tray		
Eject Mechanism	Electronic		
<b>DISCS</b>			
Acceptable Formats	ISO 9660 High Sierra Yellow Book		
<b>PHYSICAL CHARACTERISTICS</b>			
H x W x D (inches)	30.2 x 20 x 20		
H x W x D (cm)	76.7 x 50.8 x 50.8		
Weight (w/o drives) (lbs/kgs)	115/52.16		
Weight (w/drives) (lbs/kgs)	180/81.65		
<b>RELIABILITY SPECIFICATIONS</b>			
MTBF (hrs)	100,000		
Warranty (yrs)	1
