

Private Label Delivery ...

Another innovative value added service brought to you by Tech Data...Private Label Delivery. Made possible by our intelligent print architecture and powerful computing platform, Tech Data can ship your products with a highly personalized look featuring your company's logo and custom text on shipping labels and packing lists (see diagrams on following page). With Private Label Delivery, every fulfillment order will look just like you shipped it yourself.

When you place an order...

Once your Private Label Delivery order is activated in our system, just let your Tech Data sales representative know which orders you would like shipped directly to your customers. Your custom Private Label Delivery files are automatically used for all fulfillment orders.

Most Distributors Can Ship Fulfillment Orders Directly To Your Customers—But Only Tech Data Can Do It Your Way!

What to do...

To take advantage of the Private Label Delivery capabilities, complete the program enrollment form on the back cover, and fax it to us at 813-538-5838. Tech Data's Private Label Delivery administrator will contact you to discuss the details. Generally, camera-ready artwork or good quality letterhead of your logo is preferred. Please mail your logo—do not fax.

Once set-up in our system, samples of your custom label and packing list will be sent to you for your review. Best of all, Private Label Delivery is provided to you FREE of charge!

If you have questions at any time,

don't hesitate to call our toll-free

Private Label Delivery Hotline at

800-237-8931 (extension 87497).
