

How to participate in the HP Demo Program

1. Refer to the The HP Demo Program Rebate Form and Eligible Product List to view products eligible for a rebate, the rebate amount, and the estimated timeframe for the rebate. The eligible product list is updated monthly and is available on the Web and HP FIRST fax-back. (To access this information via HP FIRST, call HP at (800) 544-9976 and request Document ID #9016.)
2. Review the list of eligible products to determine if the demonstration unit you want is eligible for a rebate.
3. Purchase the demonstration unit from your HP Authorized Distributor or Aggregator, the same way you would purchase any other HP product.
4. Complete the Rebate Claim Form and attach a copy of your invoice as proof of purchase. Be sure to include the product serial number for any unit requiring a serial number and indicate the HP outlet identification or HP authorization number for the location where the demo unit will reside for 90 days. Your company ownership-group can apply for rebates for all selling locations.
5. Submit the claim form any one of three different ways: the web, fax, or mail.
