

HIT YOUR MARK.

**1998 PERVASIVE SOFTWARE
PARTNER CONFERENCE**

In February, Pervasive will reveal our cutting-edge new product to the world. But we want you, our partners, to be the first to know. Pervasive is pleased to announce the impending release of Pervasive.SQL - an embedded database solution unlike any other available!

Be the First to Learn About Pervasive.SQL

At the 1998 Pervasive Software Partner Conference, you'll be the first to get in-depth Pervasive.SQL product and development information. Find out what "best of both worlds" means to you, and go one-on-one with Pervasive.SQL product managers and developers.

Three Days of Partner-Only Information

The 1998 Pervasive Software Partner Conference delivers information and insight you simply can't get anywhere else! You'll learn how Pervasive.SQL can deliver 10x performance gain, dramatically improved installation and maintenance and full compatibility with your existing applications. Plus, get inside information about Pervasive, and gain new insight into the state of the industry.

With over 30 workshops, a developers lounge, a solutions fair, and plenty of opportunities for networking and knowledgeshare, the Partner Conference offers something for everyone in your organization; developers, technical support professionals, management, and executives.

Special Conference Bonus!

All Conference attendees receive Pervasive.SQL 10-user version - a \$995.00 value!

For more information, contact your salesperson. To register by phone, call 800.580.6715, or register online at www.pervasive.com/conference
