Notes: 1. City and county totals will not sum to the state total. The difference between the state total and sum of cities and counties in the quarterly reports is unallocated use-tax revenue from out-of-state vendors and any amounts that can't be identified by place of origin.

2. Quarterly data may not sum to yearly total. Figures are as reported by Department of Taxation. Late filers or locality transfers processed after the close of the relevant quarterly period are not reflected in the report for the quarter but are included in the annual report.
