

LAST UPDATE: 8/25/83

This is a list of programs that will not work on a T. I. 99/8.

Scott Foresman Addition Subtraction II. (To be re-released.)

Disk-based Text to Speech.

TE-II Text to Speech. (TE-III is on the way)

All hybrid programs.

Personal Record Keeping

Statistics

Security Analysis

Perhaps some Scott Foresman Administrative Internal stuff.

Speak & Spell and any other programs that use the Speech Editor may not work.

Extended Basic

Anything that uses PRK

Invoice Management

Disk based Munchan, Tombstone, etc. won't load until we put out a new loader.
