FILE MANAGER

Like any IBM-compatible computer, your TRITON *TURBO XT* requires the MS-DOS Disk Operating System. We've teamed up MS-DOS with an array of powerful programs to make your *TURBO XT* useful and added Menu and Help systems to make it easy to use.

Our System Support software includes a text editor, appointment calendar, calculator, telephone directory with automatic dialer, personal information manager, telecommunications program and a host of handy utilities. An on-line HELP system is always at your fingertips and there are extensive tutorials on using DOS and BASIC.

Triton's exclusive Menu System makes it a snap to use all the programs in the package and perform most DOS functions . . . just choose the item you want from the menu! You don't have to memorize any complicated commands and there are no difficult installation procedures. It's all there . . . all ready to use!

EDUCATORS, PARENTS AND STUDENTS

Teachers will appreciate the ability to use their existing 99/4A system to gain access to more sophisticated tutorial, testing and grading programs. Parents will enjoy the way their children will take advantage of IBM-compatible programs like Term Paper Writer™ or the SAT practice tests. College students will be able to use all of the personal productivity programs offered through university libraries.

THE OFFICE AT HOME

The small business owner or corporate executive can stay in touch with the office. IBM-compatibility means that databases and spreadsheets created on office IBM-PC's can be used at home.

MORE FUN FOR THE WHOLE FAMILY

Just think of the expanded variety of entertaining games you will be able to attack! Step up to the IBM challenge.
