TRITON
PRODUCTS COMPANY
P.O. Box 8123 San Francisco, CA 94128

Dear TI-99/4A Owner:

Thank you for taking the time to read this letter and browse through our latest catalog. We at Triton continue our dedication to bringing you new and exciting products at great prices for your TI-99/4A. To give you an idea of what to pay special attention to, here are a few hints:

- Three new printers (page 6 and back cover), starting as low as \$99.95, provide you the best values for all your word processing, financial and graphics needs.
- New "BONUS GIFT" offers. See pages 10, 11 and 12—buy any 4 titles and you get a 5th title . . . FREE! On pages 14 and 15—buy any 3 and you get a 4th . . . FREE!
- Desktop Publishing (below) is now available to those of you who own only a console and a printer.
- Two full pages of graphics-related software (pages 16 and 17) feature the all-new *GRAPHX*, *Graphic Plan and Design*, and *Certificate 99*.
- A 1200 baud modem (page 4) for less than \$100!
- "Make the IBM Connection" (pages 20-22) has been well-received by thousands of TI-99/4A owners.
- Super TI disk and cassette packages (page 23) at unheard of prices!

Shopping with Triton is easy! We've provided a convenient order form in the center of this catalog. But the biggest part is the "Bonus Coupons" attached—they make shopping with Triton even more fun! Of course, our toll-free "800" number puts you in instant touch with our courteous and helpful customer service representatives that will answer your questions and input your order while you're on the line.

We want you to feel good about shopping with Triton. All products we offer are warranted by the manufacturer or publisher. We also extend to you our own "Satisfaction Guarantee" (see details at right).

We like to hear from you. If you ever have any suggestions on how we can improve, please don't hesitate to write me directly.

Sincerely,

E. S. Herman

SATISFACTION GUARANTEED!

We guarantee our products to be free from defects and operate properly. If any item is defective, just return it to us within 30 days of receipt for a prompt replacement. Only returns in new condition, with original packaging materials will be accepted.

PRODUCT WARRANTY

All items in this catalog have full manufacturers' warranties. Should you ever require warranty service, assistance or information about an item, contact the manufacturer or Triton, P.O. Box 8123, San Francisco, California 94128; or call toll-free (800) 227-6900.

NEW!

Cartridge-Based DESKTOP PUBLISHING

Now, Desktop Publishing requires only your console and a printer. Compose greeting cards, letters with graphics, impressive school reports, striking invitations and more . . . even if you can't draw a line!

Desktop Publisher includes a word processor that creates beautiful fonts and a picture editor that lets you select from the pictures included; or draw your own. It's easy to use and the results are stunning!

With *Desktop Publisher*, you've written your last blah letter. Pick a type font to match your mood and a picture to emphasize your point. Doodle with line art to customize your signature. The possibilities are limitless.

Your console, interface and Epson-compatible printer are all you need to publish your own invitations or newsletter. Start your own publishing business today by ordering the *Desktop Publisher* by DataBiotics.

CARTRIDGE #BAAR

\$59.95

SUPER EXTENDED BASIC with DRAW 'N PLOT
A perfect choice for the TI-99/4A computer novice and programmer alike

Super Extended BASIC includes everything in TI's original *Extended BASIC* plus 33 new and six modified commands. This new plug-in-and-run cartridge is an important upgrade for the *Extended BASIC* programmer.

As an ADDED BONUS, *Super Extended BASIC* incorporates the highly-rated *Draw 'N Plot* graphics program from Quality 99 Software. The 15 subroutines can be used for remarkable hi-resolution plotting and graphing, which can be called up and displayed from your *Extended BASIC* program. Print on any Epson-compatible printer. Simple enough for children yet powerful enough for experts! Developed for Triton by MG. (*Draw 'N Plot* requires 32K Memory Expansion only.)
CARTRIDGE #BDAK **\$59.95**

"This is, truly, what *Extended BASIC* from TI should have been . . . a tremendous addition to the XB programmer's toolbox."

—COMPUTER SHOPPER, August 1987

SPECIAL \$20 TRADE-IN/COUPON OFFER

If you own a *TI Extended BASIC* cartridge and would like to upgrade to *Super Extended BASIC*, take advantage of this special offer. When you receive your new *Super Extended BASIC* from Triton Products, send us back your *TI Extended BASIC* (cartridge only please) and we'll send you a coupon worth \$20.00 on your next mail order.

SYSTEM EXPANSION THROUGH DISK

If you're like most TI-99/4A owners, sooner or later you'll probably want to upgrade your system. The reason is simple. As you grow more and more familiar with your computer, you'll want to use it more and for more complex tasks.

How to expand your system depends on the level of capability you want. For instance, software for your TI-99/4A is available in three formats—cartridge, disk and cassette. Most cartridges containing pre-written programs are simply plugged into the cartridge port on the console. However, some cartridge

programs, such as *Household Budget Management* (page 9), require a Disk or Cassette System or the program will not work. For other cartridges a Disk or Cassette System is recommended or optional, which means the program will run without the added hardware, but you won't get the full power of the program. For still other cartridge programs such as *TI LOGO II* (page 14), you must have 32K Memory Expansion capability and either a Disk or Cassette System is recommended.

Pages 3 and 4 provide guidance to help you make the best product choice for selecting Memory Expansion and either Disk or Cassette capability. Other pages provide information on additional hardware for even more enjoyment from your TI-99/4A: Modems, RS232 Interfaces, Printers (page 6), Joysticks (page 9) and Speech Synthesizer (page 14).

CORCOMP 9900 MICRO-EXPANSION SYSTEM

The compact CorComp 9900 Micro-Expansion System plugs into the side of your console and contains an RS232 Interface (for Printer and Modem hook-up); a 32K Memory Expansion; and a Disk Controller with disk manager on diskette capable of formatting double-sided, double-density diskettes. Add a disk drive that provides up to 360K of storage (double sided, double density) and you now have a complete system that will outperform systems which sell for twice the price!

ITEM #ZZXU (1 Drive System) **\$499.95**
 +\$10.00 shipping charge
 ITEM #ZZXW (2 Drive System—
 pictured above) **\$619.95**
 +\$12.00 shipping charge

NEW! GENERIC 60™ DISK STORAGE CASE

Safe storage for sixty 5 1/4" diskettes. Molded in durable, high-impact plastic with handy built-in carrying handle. (Disks not included.)
 ITEM #QADW **\$9.95**

SEE HOW YOU CAN GET THIS FREE ON PAGE 19

WANT TO GET THE MOST OUT OF YOUR EXISTING TI-99/4A PERIPHERAL EXPANSION SYSTEM? HERE ARE A NUMBER OF EXCITING PRODUCTS THAT WILL GREATLY INCREASE THE CAPABILITY OF YOUR PRESENT SYSTEM!

NEW!

DATABIOTICS GRAND RAM The ultimate RAMdisk for your TI Expansion Box with nearly limitless growth potential.

Picture a disk drive that loads and saves six times more data ten times faster than your current drive, has no moving parts, and costs less than your old drive. Next try to imagine being able to switch this DS/DD drive into four SS or two DS drives in just minutes so that you can make multiple copies simultaneously and do file management. Finally, think about what it means to be able to continue using your system while printing a long document.

All of this and more can be accomplished using GRAND RAM, the battery-backed, affordable card for the TI-99/4A Expansion Box. Add the plug-in realtime clock (sold separately) and you'll have the ultimate system. A superb disk manager and communications (300/1200 baud) program are included.

GRAND RAM is compatible with CorComp, TI, Myarc, Geneve, Morning Star, Foundation and John Johnson Menu. Fully documented GRAND RAM source code for the device, print spooler, and loader/configurer along with complete instructions are included.

ITEM #BAAS (128K version) **\$149.95**
 ITEM #BAAT (256K version) **\$179.95**
 ITEM #BAAU (512K version) **\$239.95**
 ITEM #BABH (Clock) **\$29.95**

PERIPHERAL DIAGNOSTIC MODULE

Now you can troubleshoot your own TI-99/4A system with the touch of a key. The Peripheral Diagnostic Module is the first diagnostic tool in cartridge form. Designed for the novice and computer expert alike, it allows you to test your RS232 Interface, 32K Memory Expansion, and Disk Drive system. Completely menu driven. From CorComp.
 CARTRIDGE #YKAL **\$29.95**

MAKE THE IBM CONNECTION

EXPAND YOUR TI-99/4A TO IBM COMPATIBILITY... SEE PAGES 20-22!!!

CORCOMP TRIPLE TECH CARD

This exciting multifunction card fits into any slot in your TI Expansion Box, giving you three fantastic capabilities.

The 64K Printer Buffer, compatible with standard parallel printers, lets you dump your document so your computer is free for editing and accessing disk drives while the spooler feeds the printer your document.

The Clock/Calendar lets you access the year, month, date, day, hour, minutes and seconds easily from BASIC or Extended BASIC; perfect for bulletin board systems and time management applications.

The Speech Synthesizer connection lets you remove your TI Speech Synthesizer from the side of the computer and hide it in your expansion box; a great space saver!

ITEM #YKAG **\$149.95**

CORCOMP RS232 CARD

Plugs into the TI Expansion Box for interfacing with Printers, Plotters, and Modems. Provides one parallel and two serial ports.
 ITEM #YKAD **\$99.95**

CORCOMP 9900 DISK CONTROLLER CARD

Upgrade your TI Disk Controller Card with one that controls up to four SS/SD and/or DS/DD disk drives; or any mix of the two. Increase the storage capacity and run access speed of your system by 2 to 4 times. The Disk Manager included on diskette adds 8 new commands. (Requires 32K Memory Expansion to use Disk Manager software.)
 ITEM #YKAA **\$169.95**

CORCOMP 32K MEMORY EXPANSION CARD

Expand your TI-99/4A to a full 48K RAM with the high quality card from CorComp.
 ITEM #YKAT **\$99.95**

DOUBLE-SIDED/DOUBLE-DENSITY DRIVES FOR YOUR TI EXPANSION SYSTEM

Slimline disk drives that provide up to 360K of double-density storage when used with the CorComp Disk Controller Card. They can also be used with the TI Disk Controller Card with Disk Manager Cartridge to access up to 180K of storage.

Whether you buy one drive or two, this package comes complete with all the necessary cables for you to slide them into your TI Expansion Box.

ITEM #YHBD (One Drive) **\$169.95**
 ITEM #YHBC (Two Drives) **\$279.95**

EXPANDING YOUR TI-99/4A

SYSTEM EXPANSION THROUGH MEMORY OR CASSETTE

Your TI-99/4A has a powerful 16K Random Access Memory (RAM). You can expand RAM up to 48K by adding either a 32K Stand-Alone or a Peripheral Expansion System with 32K built-in, such as the ones featured on pages 3 and 4.

Some software programs such as *TI LOGO II* (page 14) require only Expanded Memory capability. Other software programs, such as *Editor/Assembler* (page 5), *TI-Writer* (page 7), and *MicroSoft Multiplan* (page 7), require both Expanded Memory and a Disk System.

TELECOMMUNICATIONS

All TI-99/4A owners can join in one of the most exciting areas of home computer growth: telephone computer networks. Through your phone, you can access a whole universe of data bases.

By subscribing to *CompuServe* Information Service, an on-line information and communications network, you can talk to other computer operators—or let your computer talk to theirs. Shop and bank by direct tie-in . . . send and receive electronic mail and messages . . . play games with friends and strangers a continent away.

It's time to plunge directly into the mainstream of computer advancement. All you need to order is right on this page: hardware, software, service!

COMPUERVE INFORMATION SERVICE STARTER KIT

Now you can join the thousands who use telecommunications by subscribing to *CompuServe* Information Service. Just link your computer by telephone to one of America's most popular networks—and you

revolutionize the way you gather information and communicate with others!

Press a few keys for latest news, weather, sports scores, movie reviews, or for updates on 40,000 stocks, bonds, options and commodities. Make an air reservation, post a sales notice, confer with a client, beat someone at Trivia. Exchange software, learn about solar heating, receive electronic mail. Bank, shop and pay bills. In all, choose from 75 special interest groups and 200 information categories.

Kit includes: \$25 worth of connect time, Personal User ID Number and Password, 3-ring binder with User's Guide, telephone numbers and log on instructions and subscription to monthly UPDATE newsletter. Connect time after initial \$25 worth and selected services are subject to additional charges. (Requires *Terminal Emulator II* cartridge or *4A Talk* diskette, Modem and RS232 Interface.)

ITEM #UBAA

For your convenience in placing an order or asking a question

CALL TOLL-FREE
(800) 227-6900

Monday-Friday 6AM-6PM
Saturday 9AM-4PM Pacific time.

Perhaps the ultimate home computer skill is original programming. You achieve maximum satisfaction and challenge when you design your own information packages . . . create your own games . . . fulfill your most minute program specifications.

Tackling programming is now easier than ever before.

Therefore, it's important to decide how you want to use your TI-99/4A before deciding how to expand its memory.

SANYO SLIM LINE PROGRAM RECORDER

If you own only the TI-99/4A keyboard, now is the time to expand your system with this cassette recorder.

Use it to save programs you've written, save data or to run some of the many cassette-based software programs available.

Features include digital tape counter with reset, mechanical pause, tone control and AC/DC operation. AC power cord and connector cable included.

ITEM #YXBV

\$39.95

MAXELL 15-MINUTE DATA CASSETTES

One tiny tape imperfection can render a whole program useless. Insure highest quality! Maxell brand blank tapes. Package of 6.

ITEM #QABB

\$9.95

4A/TALK TERMINAL EMULATOR

If you ever had the urge to start telecommunicating using your 99/4A, *4A/Talk* is the top-of-the-line communications program for you.

Combining *4A/Talk* with *UniqModem* turns your system into an automatic dialer, drawing telephone numbers from a built-in directory file. Plus, you can easily talk to other computers or to databases such as *CompuServe*. From *DataBiotics*. (Requires Disk System, 32K Memory Expansion, RS-232 Interface, Modem, *Editor/Assembler*, *Mini-Memory*, or *Extended BASIC* cartridge or a *Corcomp* Disk Controller card.)

DISK #BJBR

\$19.95

TERMINAL EMULATOR II

Use this cartridge software program to access subscription data services, e.g. *CompuServe* and time-shared computer systems. Features file transfers, improved keyboard interface and text-to-speech from user-written programs. (Requires Modem and RS232 Interface for telecommunications. Requires *Speech Synthesizer* for text-to-speech.)

ITEM #AEBB

\$14.95

MODEM CABLE FOR TI-99/4A

ITEM #QACF

\$10.05

MODEM CABLE FOR TRITON TURBO XT

ITEM #RXQC

\$19.95

To take advantage of many of the cassette format programs available, all you need is a Cassette Recorder and connecting cable. The Cassette Recorder is controlled by the computer. A Cassette System is also an inexpensive way to store information . . . providing reliable loading and retrieval of data on standard cassette tapes. However, a Cassette System operates slowly compared to a Disk System. To decide on a Cassette System vs. a Disk System weigh your desire for reliability and speed against cost.

LOWEST PRICE EVER!

MULTICOM 32K and RS232 STAND-ALONE COMBO

This stand-alone system incorporates both memory expansion and serial & parallel interfaces in one neat package, saving you nearly \$50! It plugs directly into the side of your TI-99/4A and provides the connections for printers and modems, while expanding the memory to the 48K maximum. Includes BONUS parallel printer cable.

PROGRAMMING AIDS AND UTILITIES

PROGRAMMING/UTILITIES

Perhaps the ultimate home computer skill is original programming. You achieve maximum satisfaction and challenge when you design your own information packages and create your own games.

Tackling programming is now easier than ever before with this array of aids. Here conveniently together are all the materials you need for writing your own programs, even if you never thought you could!

NEW! TI WORKSHOP

A programming support environment for your TI-99/4A system on a cartridge!

TI Workshop lets you view, display and edit every kind of memory, including Video Display Processor (VDP) ... a true memory manager. *TI Workshop* features a configure manager to specify input/output devices such as printers and disk systems; a disk manager that operates entirely from menus; a super program de-bugger; an enhanced editor and assembler; a program label cross referencer; even load and run programs.

The enhanced editor/assembler and cross-referencer lets you load/edit text files, print text, merge, save, and display variable/fixed 00 files, purge, assemble and cross reference. You can print screen, print document, top of text and form feed. With the cross referencer, identify the line number where a label was defined and referenced. An impressive list of features with cartridge convenience. From DataBiotics. (Requires Disk System and 32K Memory Expansion.)

CARTRIDGE #BAAV

\$40.95

EDITOR/ ASSEMBLER

This software cartridge allows programming in TMS 9900 Assembly Language. Gives direct access to all system features—sound, speech, graphics, I/O. Links into TI BASIC/Extended BASIC programs through a subroutine call. (Requires 32K Memory Expansion and Disk System.)

CARTRIDGE & DISK #ZZYL

\$29.95

— \$3.00 shipping charge

FREE!

BUY THE EDITOR/ASSEMBLER AND GET THE INTRODUCTION TO ASSEMBLY LANGUAGE BOOK FREE! A \$9.95 VALUE!

Remember: creating your own programs may require Memory Expansion and a Disk or Cassette System. Look again at 32K Memory Expansion (pages 3 and 4), Disk Systems (page 3), and Cassette Systems (page 4). Although not required, Printers are recommended for several programs (page 6). Be sure to check the required and recommended specifications for each item you order to make sure you have everything you need.

SPECIAL VALUE!

MINI MEMORY

This versatile cartridge adds 14K of additional memory to your TI-99/4A and has a built-in battery to preserve data or programs stored in its memory. *Mini Memory* can also be used to store your frequently-used TI-BASIC programs. It allows faster loading than your tape or disk.

Mini Memory even allows you to use Assembly Language programs and troubleshoot them with the included *EASY BUG* debugging system. (Cassette System recommended.)

CARTRIDGE #ZZYM

\$19.95

BUY THE MINI-MEMORY CARTRIDGE AND GET THE BEGINNER'S GUIDE TO ASSEMBLY LANGUAGE BOOK FREE! A \$9.95 VALUE!

COMPUTERFACTS

Technical Service Data for Your TI99/4A

SAMS introduces *ComputerFacts*... packets of information that reveal the inner workings of your 99/4A. Includes schematic wiring diagrams, parts lists, disassembly instructions, troubleshooting techniques and other repair data.

ITEM #UAAP

\$10.95

SPECIAL VALUE!

THE SUPERSPACE II 32K MEMORY MODULE NOT JUST ANOTHER MEMORY EXPANSION

Have you ever wished for a cartridge with all your favorite software? *SuperSpace II* gives you the power to create your own cartridge-based software. Load in your own assembly code, vacuum software out of other cartridges, or even save your favorite ROM cartridges to disk and run them at the touch of a single key! Design your own menu loader for up to 7 Assembly Language programs with this ingenious module, equipped with a battery to save your programs in memory for at least two years.

Included with the cartridge in this great package is a built-in Editor/Assembler GROM and a free Editor, Macro Assembler disks, and the *SuperSpace II* manual, plus *Introduction to Assembly Language* and another bonus book. To get you started, a menu and cartridge loader are provided, along with E/A utilities, GROM header templates, a bitmap graphics demo and a free "C" compiler. (Requires Disk System and Memory Expansion. *Editor/Assembler Manual* recommended.)

DISK #BBCM

\$19.95

(All programs require Disk System, 32K Memory Expansion and *Extended BASIC* cartridge. *Chart Maker II*, *Sdump II*, and *Draw 'N Plot* require an Epson Graphics compatible printer, such as TI, Star, Gemini, Epson, Okidata with *Plug 'n Play*, Panasonic, etc.)

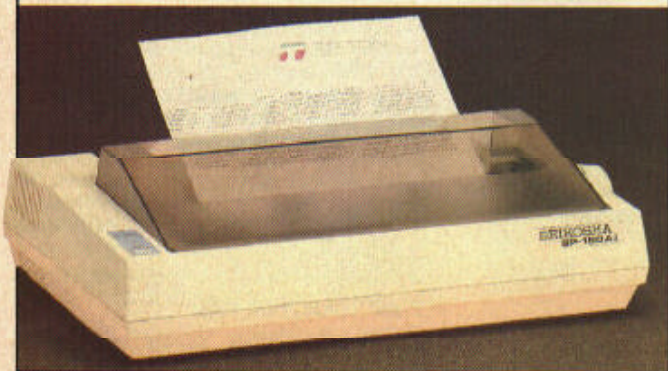

PRINTERS

To meet personal, home and business information needs, TRITON now offers a full line of TI-99/4A compatible hardware... plus a complete selection of software in cartridge, disk and cassette formats. Take advantage of the awesome power of your computer to handle and organize data with ease.

Your TI-99/4A is capable of performing the latest, most in-demand computer applications—including word processing, spreadsheets and report generation. Special cartridge software, offered on the next pages, is needed for each function. In most cases, a Printer, which produces a hard copy of your data, is

either required or recommended. Once you've used a Printer, you'll wonder how you ever got along without permanent, portable paper copies and printouts of your computer-generated data.

TI-99/4A AUTO SPELL-CHECK (Version 1.1)

Disk based editing aid for TI-Writer from Dragonslayer Software. Spell-Check scans your TI-Writer file and lists questionable words. You edit the list, then Spell-Check updates the file or adds words to a user dictionary. Comes with 20,000 word dictionary. (Requires 32K Memory Expansion, Disk Controller and 1 to 3 Disk Drives and TI-Writer or Editor/Assembler cartridge.)

DISK #BBAA \$19.95

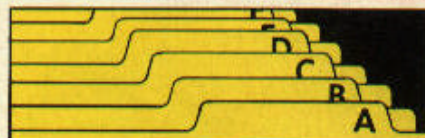

FOR THE TI 99/4A WRITEREASE Word Processor & Dictionary

NEW! WriterEASE WORD PROCESSOR with SPELL CHECKER

Letters, reports, documents and newsletters are a breeze with WriterEASE. CorComp's fine new word processor.

WriterEASE's simplified commands are condensed to an on-screen HELP MENU. Every command is logical and easy to remember. The 30,000-word Spell Checker can be accessed word-by-word while you're typing. FIND string up to ten times faster than TI-Writer and load/save files to disk up to two times faster. Rated "A"; for performance and ease of use by MICROPendium. (Requires Disk System, 32K Memory Expansion, Extended BASIC cartridge, Printer and RS232 Interface.)

DISK #YKAV \$44.95

DATA BASE 99

Helps you get organized. A fast, flexible, menu driven, Data Base System from Quality 99 Software. Organize, sort and select your data, such as: mail lists, household inventories, lists of collectibles, books, records, programs, disks, etc. Define your own data fields, in any format. Up to 28 data fields per record. Up to 28 characters per data field (Max. 245 char./record). 700 records on double-sided or double-density disk. 350 records on single-sided, single-density disk. Enter data as fast as you can type. No disk swapping necessary. Fast sort, up to 12 keys. Select subfiles based on any criteria. Define your own reports in any format. Output is compatible with both TI-Writer and QS-Writer. (Requires Disk System, 32K Memory Expansion and Extended BASIC cartridge.)

DISK #BBBL \$19.95

FINANCIAL MANAGEMENT

SPECIAL VALUE!

TI PLANNER

TI Planner is the newest spreadsheet program, built into a cartridge for convenience. You'll be amazed how something so simple can be so powerful!

Never has planning, budgeting, record-keeping or projecting been so easy. Any application that uses a row and column format is

perfect for TI Planner.

Constructing your own tables and charts for home, business or school is now a snap using TI Planner and its 11 simple commands. Expand your spreadsheet from 864 to 2520 cells with a 32K Memory Expansion (see page 3). Load and save your record to cassette or disk; or get a hard copy on a printer if you have one. Written in 100% assembly language for utility and speed. From DataBiotics.

CARTRIDGE #BJBS \$29.95

LOWEST PRICE EVER! MICROSOFT® MULTIPLAN®

One of the most powerful and best known spreadsheet packages ever developed, here in cartridge format. An extremely versatile tool for planning, budgeting, financial modeling, record keeping—any application where data can be conveniently expressed in rows and columns. Ideal for

answering "what if" questions. (Requires Disk System and 32K Memory Expansion. Printer and RS232 Interface highly recommended.)

CARTRIDGE & DISK#AEAH \$19.95 + \$3.00 shipping charge

NEW! QS-SIDEWAYS

Print your Multiplan spreadsheet sideways, in one long continuous form, as wide as you like. No more taping different sheets together. Works on TI, Epson, Gemini, Star, Panasonic, Okidata, Gorilla Banana, and ProWriter printers only. Also includes the latest TI-approved Multiplan enhancements, to load and run faster, and with repeating cursor. A "must" for every Multiplan user. From Quality 99 Software. (Requires original Microsoft Multiplan.)

DISK #BBCP \$14.95

Order today! Some quantities are limited and may not last at these rock-bottom prices. Act now to reserve your selection with the order form. Or better yet, call (800) 227-6900 toll-free and secure your titles right now!

ENTERTAINMENT

DEFENDER*

The sophisticated Defender spaceship is your only hope against an alien attack that takes many forms. Armed with smart bombs and able to shift into hyperspace, Defender even the score! (Requires Joysticks.)

CARTRIDGE #BKAJ

\$5.95

PICNIC PARANOIA*

Insidious insects join George's picnic and try to ruin the fun. They push point-laden food off the screen, and their bites are paralyzing. Help George turn the tables with bug spray! (Requires Joysticks.)

CARTRIDGE #BKAJ

\$5.95

SHAMUS*

Armed with his outlawed ion SHIV, Shamus must slay a slew of evil enemies lurking in the Shadow's lair before he eventually meets up with the Shadow himself. Can he snuff this fiend, too? (Requires Joysticks.)

CARTRIDGE #BKAK

\$5.95

TI INVADERS

Your world is under attack . . . by an armada of nasty creatures from outer space. Use your wits and aiming skills to destroy the multi-colored monsters with your missiles. A one-player game. (Joysticks recommended.)

CARTRIDGE #ACCM

\$5.95

MUNCHMAN

An exciting maze game requiring double skills. You must move quickly to out-manuever hoonos . . . all the while connecting complicated maze passages with a chain. A challenge in coordination! (Joysticks recommended.)

CARTRIDGE #ACCQ

\$5.95

PARSEC

As you battle alien ships, a voice keeps telling you the current changing conditions. These terrible terrors include battleship attacks, guiding your ship through re-fueling tunnels and weaving through asteroid belts. (Speech Synthesizer and Joysticks recommended.)

CARTRIDGE #ACBA

\$5.95

CHISHOLM TRAIL

Still another maze classic. This one requires you to be fast on the draw! Be a cowboy moving a "steer" through the maze. Your goal: kill four "Brand" monsters plus the worst one of all: the weird "Wrangler." (Joysticks recommended.)

CARTRIDGE #ACCS

\$5.95

JAWBREAKER II*

A 1-player arcade game of sudden danger and narrow escapes. You control the Jawbreaker, a powerful set of crunchers. Race through 5 shifting mazes before your power runs out—raising your score by devouring Dots and Special Treats, evading Grinning Gobblers and munching Energizers. (Joysticks recommended.)

CARTRIDGE #ACCY

\$5.95

THE ATTACK*

You're the commander of a ship in a region of space infested by double-barrelled danger. Both "spores" and "aliens" must be destroyed. Simultaneously, you must maneuver to avoid the enemies and fire missiles to destroy them. (Joysticks recommended.)

CARTRIDGE #ACCD

\$5.95

BLASTO

Tank battle for 1 or 2 players. Destroy a field of mines while avoiding your opponent's fire. A fast-paced race against the clock to hit the most mines, while escaping damage to your own precious vehicle! For ages 10 and up. (Joysticks recommended.)

CARTRIDGE #ACCE

\$5.95

TOMBSTONE CITY: 21st CENTURY

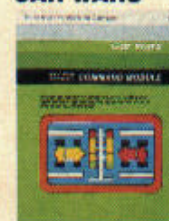

You against the computer, testing your strategy and your skill. In the future Old West ghost town, you face an invading hoard of—yuk!—green alien Morgs. They live off two things—people and tumbleweeds. Stop 'em before they take over the Earth! (Joysticks recommended.)

CARTRIDGE #ACCL

\$5.95

CAR WARS

Here's high-speed racing with a vengeance! This 1-player game pits your speed, skill and strategy against the computer, as you race around the track out-manuevering a canny opponent. Increase the level of difficulty for even more excitement. (Joysticks recommended.)

CARTRIDGE #ACCP

EDUCATION

DECIMALS I

12.659
12.66
12.7
13.

The program provides six activities which introduce children to the concepts of decimals. Their meaning, as well as adding, subtracting and comparing decimals are explored through both teaching examples and practice exercises. From Scott, Foresman. For ages 8 to 12. (Speech Synthesizer recommended.)

CARTRIDGE #AABC \$5.95

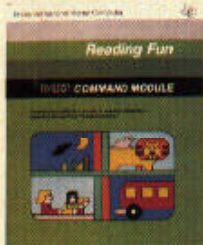

MULTIPLICATION 1

Another tutorial tool that teaches the basics. The step-by-step teaching process insures fun while learning. A Scott, Foresman program. Ages 8-10. (Speech Synthesizer recommended.)

CARTRIDGE #AAAF \$5.95

READING FUN

Satisfies children's curiosity about the world as they practice basic skills. Features 3 stories: "Problems in Stories," "Why Things Happen," and "How People Feel," each accompanied by "Try It Out" drills. A fourth story incorporates all the skills acquired. A Scott, Foresman

program. Ages 7-8 (Speech Synthesizer recommended.)

CARTRIDGE #AAEB \$5.95

EARLY LEARNING FUN

"Play" for very young children—who are actually learning their first computer skills! Colorful, exciting and educational activities that teach shape, number and letter recognition, counting, sorting and the alphabet. Ages 3-6.

CARTRIDGE #AAFA \$5.95

BEGINNING GRAMMAR

Enjoyable, colorful activities that introduce the basic parts of speech, and how they are used to build sentences . . . all disguised as hours of fun. Ages 7-10.

CARTRIDGE #AAFH \$5.95

HOME MANAGEMENT

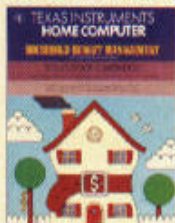

HOME FINANCIAL DECISIONS

Now answer everyday financial questions with full confidence and security! A valuable step-by-step guide to informed decision-making . . . on loans, home purchasing, car leasing vs. buying, savings . . . anything that adds up to dollars and sense!

CARTRIDGE #AEAA \$5.95

HOUSEHOLD BUDGET MANAGEMENT

The end of budget blues and bad surprises! Set guidelines, track expenses, spot problems *in advance*. Instant graphic analysis and tables help control actual spending vs. projections. (Requires Disk or Cassette System).

CARTRIDGE #AEAB \$5.95

PERSONAL REAL ESTATE

For professional real estate agents—and investors who want to act professionally. Avoid errors by easily evaluating alternatives. Learn the experts techniques. (Disk or Cassette System recommended.)

CARTRIDGE #AEAE \$5.95

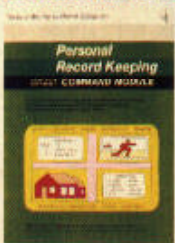

TAX/INVESTMENT RECORD KEEPING

All your tax data in one easy filing system. Organize assets, liabilities, income, expenses, investments . . . separate taxable and tax-exempt income . . . list deductibles. Even determine your net worth! (Disk System required.)

CARTRIDGE #AEAD \$5.95

PERSONAL RECORD KEEPING

A flexible filing system from Texas Instruments. Store and retrieve anything: home inventory for insurance, car maintenance records, medical history . . . and never forget your anniversary again! (Disk or Cassette System highly recommended.)

CARTRIDGE #AEAC \$5.95

JOYSTICKS

EPYX 500XJ

From the moment you fire up the EPYX 500XJ, you'll know this is no ordinary joystick. The 500XJ scores significantly higher, faster and easier than any stick ever made.

Designed to fit in the palm of your hand, the 500XJ incorporates trigger finger firing for faster shooting. Tactile response micro-switches allow you to feel and hear each move of the stick for exacting control. Five year warranty. (Requires YAdapter listed below for use with the TI-99/4A.)

ITEM #QEAF \$19.95

WICO BLACK MAX

Aliens, beware: The All-American joystick has arrived. The big grip-style handle and stick-mounted fire button will make game playing a breeze! Designed for hand-held or tabletop use by Wico, a leader in manufacturing joysticks for the arcade and the home.

(Requires YAdapter listed below for use with the TI-99/4A.)

ITEM #QEAE \$12.95

TI-99/4A JOYSTICK "Y" ADAPTER

This cable is required to use all joysticks in this catalog (except TI Joystick, ITEM #XXAX). For use with one or two joysticks.

ENTERTAINMENT CARTRIDGES

NEW! SPOT-SHOT

You've never experienced anything like it! As a giant dragonfly, your laser-like tongue and agility are more than a match for hordes of attacking insects. But you must navigate carefully to avoid crashing. Developed by Softmachine.

CARTRIDGE #BAAW

\$19.95

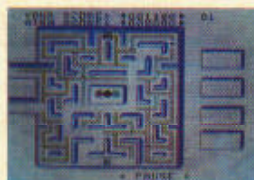

NEW! BARRAGE

This two-player arcade-quality game pits you and a friend against the fiendish DRAKS. As commander of the Missile Control Center, your mission is to subvert their plans using awesome laser firepower. Twin laser cannons are at your disposal to destroy the raining acid balls. Developed by Softmachine, the thrill masters who created *Parsec*, *Munchman*, *Car Wars* and *TI Invaders*.

CARTRIDGE #BAAX

\$19.95

MUNCHMAN™ II

The monster is back and he's hungrier than ever! Test your instincts and reflexes in this challenging sequel to one of T.I.'s most popular games. The evil hoonos return in force and they're looking for revenge. Use your maze skills to outmaneuver them or gobble up an energizer and send them fleeing. Escape out the maze doors with the hoonos in hot pursuit only to find yourself in another maze! Escape this time by munching the roaming teleporter pod. One chomp and you're off to the other maze! More chains, more mazes, more energizers, trickier turns and smarter hoonos make this game the ultimate challenge.

Enter the tournament mode and see if you can get your initials at the top of the scoreboard by surviving the longest on just a single Munchman. Are you ready? Designed and programmed by John Phillips. (Joysticks recommended.)

CARTRIDGE #ZZYJ

\$19.95

MS. PACMAN*

It was the love match of the century, *Pac-Man*, star of the arcade, and his leading lady, the unforgettable *Ms. Pac-Man*. Now their romance continues. You guide *Ms. Pac-Man* through four different mazes as she gobbles up dots, energy pills, fruit and pretzels. But watch out! The ghosts aren't far behind her. Can she escape them? (Requires Joysticks.)

CARTRIDGE #BKAB

\$11.95

POLE POSITION*

First, the qualifying run... you and your turbo-charged Formula 1 racer capture the *Pole Position*—the spot every driver dreams of. The other racers line up, engines roar and you're off! Hanging tight to the curves, weaving in and out of the pack, you jockey for the lead. Then you break away, with steel determination to be the first in the run for the checkered flag... you'll need more than speed to win! (Requires Joysticks.)

CARTRIDGE #BKAA

\$9.95

DONKEY KONG*

You can feel the excitement tingle up and down your spine when you play *Donkey Kong* at home, just like at an arcade. Your joystick guides Mario, the fearless carpenter, up the girders and elevators as he attempts to rescue his sweetheart from the clutches of *Donkey Kong*. All the thrills of the arcade game in a version for your 99/4A. (Requires Joysticks.)

CARTRIDGE #BKAL

\$19.95

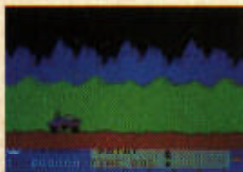

JUNGLE HUNT*

Savage cannibals have kidnapped your traveling companion and you must rescue her soon! In the deep jungle forest, you jump from rope to rope. Then you brave a crocodile-infested river and a landslide of huge boulders. You reach the cannibal's campsite just in time—your sweetie hangs over a hot cauldron of boiling goo! All the thrill of the original arcade game. (Requires Joysticks.)

CARTRIDGE #BKAF

\$9.95

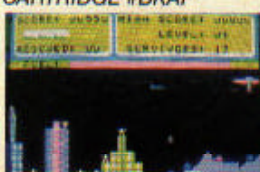

MOON PATROL*

Applications are being accepted for replacement winners in a high-risk job. Hostile environment. Road conditions nonexistent due to meteor and crater hazards. Quick reflexes, marksmanship and driving skill a must. Bonuses for UFOs and enemy tanks. Recognition for valor. Volunteers only. (Requires Joysticks.)

CARTRIDGE #BKAG

\$9.95

PROTECTOR II*

It's war and Xytronic Pulse-trackers, ravenous hompers, rockets, meteoroids, lasers, the powerful Fraxullan Mother Ship and the eruption of Dragonmaw put your skill to the ultimate test!

CARTRIDGE #BKAH

\$7.95

CENTIPEDE™

An insidious invasion of multiplying insects pose different perils to the mushroom patch. You must repeatedly blast enraged creepers and stubborn obstacles. Remember to listen for the distinctive sounds of the attacking bugs; and watch out for the blasted centipede segments, each one grows a new head! (Requires Joysticks.)

CARTRIDGE #BKAP

\$19.95

NEW! BURGER BUILDER

If you believe that all fast food burgers are greasy, then test your skill and challenge this philosophy with *Burger Builder*, the "hot" new arcade game cartridge.

You become the short-order cook as you skillfully drop the fixin's onto buns, racing against time to make namburgers and advance to the next level for more excitement. Another creation of Software Specialties.

ENTERTAINMENT CARTRIDGES

NEW! JUMPY

An arcade quality game that gets the jump on QBert. Jumpy's purple and black monsters join forces in a relentless race to catch you.

Your task is to navigate each maze which you encounter while collecting all the toll dots. Double jumps and strategy are the addicting elements of this ingenious and highly-challenging game. Developed by Softmachine, the skill-masters who created some of the all-time best games for your TI-99/4A.

CARTRIDGE #BAAZ

\$19.95

NEW! SPY'S DEMISE

Penguin Software's best selling game, *Spy's Demise*, is for the first time available on a cartridge for your TI-99/4A.

You must move from level to level as fast as you can. But that's only part of this fast-paced strategy game—at each of the 11 floors part of a secret message is revealed. It takes a professional code breaker to discover the cryptogram and break the code. Don't pass up this great program from CSI.

CARTRIDGE #BABC

\$19.95

NEW! BLACKHOLE

If you liked *Parsec*, you'll love *Blackhole*. A dynamic action and special effects cartridge, *Blackhole* pits one or two players against an empire of extraterrestrial vehicles and the dreaded blackhole. Survival depends on your skill and co-pilot coordination.

CARTRIDGE #BABD

\$19.95

NEW! MICRO-PINBALL

Insert this cartridge into your TI-99/4A and turn it into an incredibly realistic pinball machine! You'll have to experience this flawless simulation to believe it!

You control the "flippers" and launch balls. Sit back and enjoy the flashing lights and ringing bells as your pinball collides with obstacles and ricochets off posts in a kaleidoscope of colors. Be alert or you'll miss the chance to flip the ball back up the alley and pronounce yourself a Pinball Wizard! A creation of Software Specialties.

CARTRIDGE #BADE

\$19.95

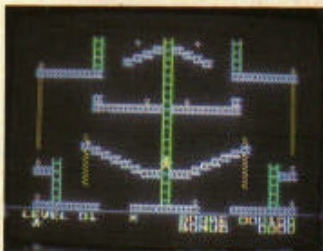

4A FLYER

Take off with *4A Flyer*, the only 100% Assembly Language flight simulator for the 99/4A. Slip into the cockpit of your prop plane for an exciting, awe-inspiring flight. Your mission: to deliver cargo to several airports in your beacon's range. Your cockpit instruments help you react to adversities such as changing weather conditions. Select the combat mode and line 'em up in your sights. Colorful graphics and sound effects add more excitement—a real high-flying experience! Written by John Phillips. (Joysticks recommended.)

CARTRIDGE #BD4F

\$19.95

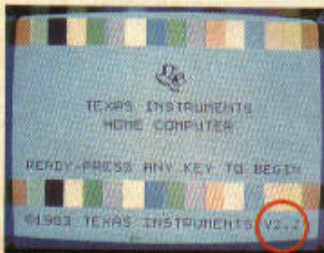

JUNKMAN JR.

The year . . . 2487 A.D. The place . . . Aging planet Earth in the dying city of Burtville, Illinois. You are collecting pollution for transport to an outer space junkyard in an attempt to save Earth from extinction. But you must listen for tiny barks . . . your only warning that mean and vicious micro-dogs give before they attack. Only your agility will save you!

Entertains with lively music, spritely action, imaginative graphics and sound. (Joysticks recommended.)

CARTRIDGE #BAAM

\$19.95

CORCOMP '83 MODULE ADAPTER

In 1983, Texas Instruments produced a small quantity of the TI-99/4A which included a chip that prevented the use of some cartridge software from companies like AtariSoft and others. The screen above will help you in identifying this V2.2 model.

The '83 Module Adapter allows you to bypass the chip and run the cartridges you desire.

ITEM #YKAK

\$29.95

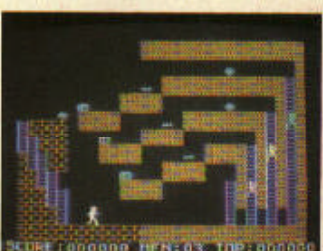

COMPUTER WAR

One of the best programs ever written for the 99/4A! Based on the film "War Games", this program became a best seller for the Commodore and Atari computers. You defend the U.S. from missiles as the Defense Department's computer goes wild. Track the enemy on a giant map. Then, as you target them, fly a fighter to shoot them down in air-to-air combat. Finally you must crack their secret code to survive! Outstanding strategy, graphics and simulation. (Requires Joysticks.)

CARTRIDGE #BAAK

\$24.95

STAR RUNNER

You are a captive, aboard the starship Arcturus, laden with plundered treasure taken from your planet.

Your mission . . . recover the stolen booty stored on all 25 decks of the starship, one deck at a time. Your only weapons are blinding speed and your blaster. You must guide your runner up ladders and along decks while dodging crewmen, blasting your way to safety and through vaults to gather treasure.

Music, sound effects and colorful visual cuts combine to make *Star Runner* the best entertainment value ever for your 99/4A. From EB Software. (Joysticks recommended.)

SPAD XIII FLIGHT SIMULATOR

New! Now more responsive and twice as fast! Fly your own classic WWI pursuit plane in Not Polyoptics' all assembly language program. Set in wartime France, *SPAD XIII* gives you all the realism of line graphics 3-D perspective, full acrobatic control of the plane, and a complete 360-degree panorama of the world.

This 48K program (much more than can fit into most cartridges) lets you hunt down intelligently maneuvered enemy planes and engage them in deadly dogfights.

But it isn't necessary to fight to enjoy *SPAD XIII*. The program has all the features of a standard flight simulator, and includes a written primer to get you up in the air. (Requires Disk System, 32K Memory Expansion and *Extended BASIC* cartridge.)

HITCHHIKER'S GUIDE TO THE GALAXY

Who better to guide you through the Hitchhiker's Guide than the man who created the concept and wrote the famous books and radio scripts? Douglas Adams himself recreates the Hitchhiker universe and sets you free to roam at will. Of course, once Earth is demolished for an interstellar bypass,

freedom's just another word for nothing left to lose. But chin up, you're headed for a hilarious series of intergalactic misadventures. So grab a pint of bitter and a couple for the road and join Ford Perfect, Trillian, Zaphod Beeblebrox and Marvin on a cosmic jaunt into the outer reaches where anything can—and does—happen. From Infocom.

GENERAL EDUCATION

The computer is an infinitely patient, non-critical, personal teacher. It never gets tired of repeating... never pushes at a faster pace than the child can absorb. Yet it is never boring. It recognizes the instant a skill is mastered and immediately proceeds to challenge with the next lesson or level of mastery.

Children who need help in one particular subject can repeat, review, retest... without embarrassment, in total privacy. And gifted children can set their own fast pace. They can master more subjects than their school curriculum allows... learn at higher levels than their current grades.

TI SPEECH SYNTHESIZER

A marvel of solid state technology, this popular peripheral reproduces human speech electronically, accurately and realistically—with a variety of inflections and appropriate pitch

Ideal for children too young to read the screen... while older students benefit from voice interaction. Plugs directly into the TI-99/4A console without external cables. When used with software designed for speech, gives voice instructions, asks and answers questions. With *Speech Editor* cartridge (not offered in this catalog) or *Extended BASIC* cartridge, allows you to add speech to your own programs drawn from a vocabulary of 370 words. With *Terminal Emulator II* cartridge, provides virtually unlimited text-to-speech capability.

SPECIAL VALUE!

PHYSICAL FITNESS

Ever wished for an exercise program designed especially for you? One that doesn't cost hundreds of dollars at a gym? Now the computer helps you plan (and stay with) an exercise program. Provides parameters that design it personally for you. Based on guidelines from President's Council on Physical Fitness.

CARTRIDGE #AAF0

\$8.95

SPELLING

SPECIAL VALUE!

THIS GREAT SCHOLASTIC SERIES TEACHES THE SPELLING SKILLS CHILDREN AGES 8-11 NEED TO KNOW.

The highly acclaimed series of 18 lessons, each with 3 games, covering 3 grades. Each lesson introduces 20 words, with every sixth lesson a review. The game "Spelling Bee" is a drill with diminishing clues. "That Did It" develops proficiency in spelling patterns. "Space

Race" tests proficiency through a game format. Student's enjoyment is enhanced by freedom to select any lesson or game. A Scholastic program. Ages 8-11. (Requires Speech Synthesizer.)

AGES 8-9 CARTRIDGE #AADA

\$9.95

AGES 10-11 CARTRIDGE #AAD0

\$9.95

To get the most from the software you select, note whether the following additional equipment is required or highly recommended: 32K Memory Expansion (pages 3 and 4), Cassette Systems (page 4), RS232 Interface (pages 3 and 4) and Printers (page 6).

For some programs, Joysticks (page 9) help to engage the child's skills most fully. For other programs, the *TI Speech Synthesizer* multiplies the computer's user-friendliness... adds a warm human element as it coaxes the child to do his or her best.

NEW!

PRO-TYPER The Touch Typing Tutor

Ever wish you could type like a pro without the hassle of learning? This new cartridge from DataBiotics proves that you can be a "touch typist" at home and have fun, too!

If you can spell, *Pro-Typer* will lead you by the hand. Easy-to-handle steps make you comfortable with each

part of the keyboard.

After working through the five keyboard touch & feel sessions, you begin to touch type, progressing through intermediate to advanced in 16 easy steps. Ladderman, the sensational typing game, makes practice that much more enjoyable.

CARTRIDGE #BAB0

\$19.95

NEW!

THE GREAT WORD RACE

Located on a maze of catwalks, sidewalks, crossbars and ladders are flashing letters. Your child controls the lovable Boppie, who climbs through the maze collecting the letters which form the target word. Using the umbrellas and Snapper repellents helps Boppie outwit the hungry Snappers.

The Great Word Race is an educational arcade action game that reinforces the concepts of letter recognition, word recognition, word memorization, spelling, and word creation (unscrambling). Its content is appropriate for children from grades 1 through 8, but the entertainment value is intended for all ages. Eight skill levels add to the excitement and insure repeated play. Designed by John Phillips.

CARTRIDGE #BDAL

DISK SOFTWARE

NEW!

GRAPHX

At last... a complete Print Shop package for the TI-99/4A!

Triton has gone all the way to Australia to import the latest Extended BASIC version of their most popular graphics program, GRAPHX.

Use GRAPHX to create your own advertisements, signs, personal stationary and greeting cards. Even banners are a snap using GRAPHX with its "rotate" feature. It's so easy because GRAPHX is completely menu driven!

In addition, this latest version contains a "flip" feature. Combine this with a special printer ribbon and produce artwork ready to iron onto any cloth material—start your own T-shirt factory! (Call Triton for availability of various printer ribbon packages.)

This 2-disk package not only includes the GRAPHX program from Australia, but a "flippy" disk packed with clipart that's ready to use. If you own a disk system, don't pass this offer up! (Requires Disk System, Joystick and Extended BASIC cartridge. Epson-compatible printer is optional.)

DISK #BHET

DESKTOP PUBLISHING

THE PRINTER'S APPRENTICE

With *The Printer's Apprentice* you have all the tools you need to create beautiful and unique greeting cards, restaurant menus, church programs, advertisements, invitations and newsletter pages.

These tools include: CHARACTER EDITOR to create beautiful fonts; PICTURE EDITOR to crop, size, edit and format artist pictures for inclusion on the page; FORMATTER to transform text from your word processor into micro-justified font output. And to put it all together, a program called SCHEDULER is the electronic glue allowing precise placement of pictures and graphics text to make your work professional-looking, doing it on one page (no more cut-and-paste).

With a little attention to detail, every user can have fun with *The Printer's Apprentice*, printing pages that no one would have believed possible with the TI-99/4A. From McCann Software. (Requires Disk System, 32K Memory Expansion, Extended BASIC cartridge, and TI or Epson-compatible printer.)

GRAPHIC PLAN DESIGN AID SYSTEM

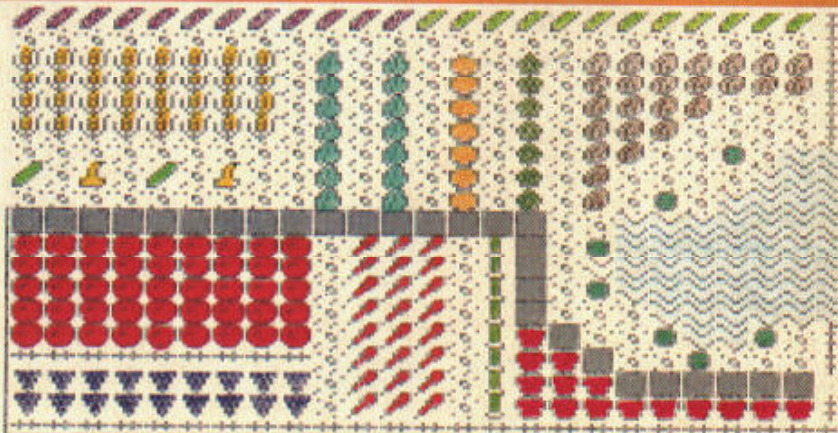

This GPL Software creation contains a set of four programs and a number of character sets which allow you to draw a detailed plan or design using a set of symbols of your choice.

The possibilities are limitless because you can create your own character set, custom-made for the application you will be designing. Or choose one of the many character sets provided with the *Plan Designer*.

Some of the many uses of the system are vegetable gardening (see graphic), landscape design, drawing bar graphs and charts and making creative designs for your own equipment.

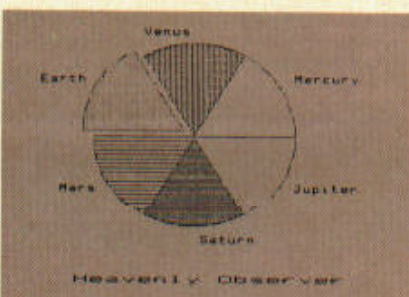

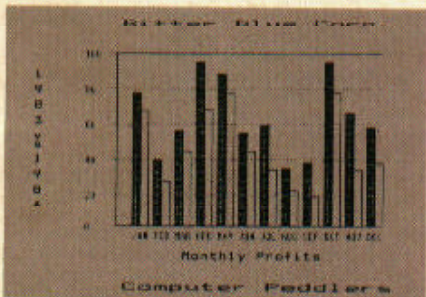

Any plan may be translated into alphanumeric characters of your choice, and printed on a character printer, complete with a legend defining each symbol. Or for those with access to an Epson-compatible dot matrix printer, an exact replica may be printed. (Requires Extended BASIC cartridge. Cassette version requires 32K Memory Expansion.)

THE FRANKLIN SPELLING ACE Electronic dictionary makes misspelled words extinct

Thanks to Franklin's advanced linguistic technology this handheld electronic speller makes "fun" of your spelling.

Performing thousands of calculations per second, *Spelling Ace* matches your word to its built-in 88,000-word Proximity, Merriam-Webster Linguibase® (one-third more words than many large desk dictionaries).

If your spelling is correct, you see it confirmed on the 16-letter LCD display. If it's not, *Spelling Ace* displays the correct spelling. If you're really stumped on a word, type in your best guess and you'll see a list of correctly spelled alternatives.

Use *Spelling Ace*'s search function for crossword puzzles. Just substitute "?" for the unknown letters and the *Spelling Ace* will list the possibilities. Also great for Scrabble®, Wheel of Fortune and other word games.

Use it anywhere—home, school or work. Measures only 1" H x 6.5" W x 4" D. weighs just 8 ounces. Runs on 4 AAA batteries (not included). Auto off saves power. Comes with instructions and 90-day warranty.

* IMPORTANT NOTICE REGARDING USE WITH COLOR TELEVISION SETS

Depending on the use you intend for your new Turbo XT, using a color television set as a monitor may not be appropriate.

If you plan on running mostly graphics-based software (entertainment or educational) your current TV should be adequate. But if you plan on running mostly text-based software (word processing or spreadsheets), depending on the characteristics of your set, the clarity of the text on your TV screen may not be satisfactory. If you plan on using text-based software as described above, we recommend that you consider purchasing a monitor in addition to your TURBO XT. Our helpful phone representatives can help you pick the system that best suits your needs.

WE WON'T LEAVE YOU IN THE DARK TRITON'S SYSTEM SUPPORT SOFTWARE PACKAGE

Like any IBM-compatible computer, your TRITON TURBO XT requires the MS-DOS Disk Operating System. We've teamed up MS-DOS with an array of powerful programs to make your TURBO XT useful and added Menu and Help systems to make it easy to use.

Our System Support software includes a text editor, appointment calendar, calculator, telephone directory with automatic dialer, personal information manager, and a host of handy utilities. An on-line HELP system is always at your fingertips and there are extensive tutorials.

Triton's exclusive Menu System makes it a snap to use all the programs in the package and perform most DOS functions... just choose the item you want from the menu! You don't have to memorize any complicated commands and there are no difficult installation procedures. It's all there... all ready to use!

ITEM #RAAG

\$89.95

What does the Triton TURBO XT do?

In short, it allows you to run the thousands of IBM-compatible programs as well as your TI software from your TI-99/4A keyboard.

Why would I want to use IBM software? Because it opens up a wonderful new world of computing for you. The powerful IBM software makes entertainment more entertaining, education more educational and personal productivity more productive.

What is the Bridge Box for?

The Bridge Box makes it possible for your TI-99/4A keyboard to be used as an IBM keyboard. It also lets you switch back and forth from IBM mode to TI mode without reconfiguring your system.

Can I use my Speech Synthesizer and Expansion System with the TURBO XT? Where do they plug in?

Yes, you can use all of your existing TI hardware with the Triton TURBO XT. The Speech Synthesizer plugs into the expansion slot provided on the Bridge Box and the Expansion System daisy chains off the Speech Synthesizer.

Can I use my color TV as a monitor?

See the notice regarding use with color television sets at right.

What about all of my TI software?

You will be able to run your TI software exactly as you did before!

What if I have questions about my TURBO XT once I buy it?

Triton's Toll-Free help line is manned by our experienced technical staff. Should you ever encounter a problem, they can usually sort things out for you right over the phone.

Where can I get software for the TURBO XT?

As always, Triton is your most convenient source of products for your computer. We will continue to offer quality products for great prices.

Will I always use my TI keyboard with the TURBO XT or is there an upgrade available?

You may purchase an IBM-style keyboard from Triton for your TURBO XT at any time. (We'll even give you a credit for your bridge box!)

What system options are available for the Triton TURBO XT?

Many Triton's helpful phone representatives will help you choose the system configuration that best suits your needs.

Do I have to learn DOS to use the Triton TURBO XT?

Triton's System Support Software gets you started in minutes. We've teamed-up MS-DOS with an array of powerful programs to make your TURBO XT useful. The menu and help systems make it easy to use.

Does the Triton TURBO XT expand my TI-99/4A's memory to 256K?

No, the TURBO XT does not allow your system to share memory or disk drives. In effect, it allows you to have 2 computer systems which share the same keyboard and monitor.

WHERE IN THE WORLD IS CARMEN SANDIEGO?

Mystery! Intrigue! Adventure! Explore the great cities of the world as you stalk a Master Thief to the far corners of the globe.

This best-selling program combines the best elements of graphic adventures, trivia games, mysteries and arcade animation. Friends or family can plan together, helping the detective decipher clues by looking up facts in the "World Almanac" (included in this package), one of the world's most comprehensive reference books.

Ten possible suspects, 30 cities and nearly 1,000 clues make this a new and different challenge every time you play. From Broderbund. **DISK #LRBJ \$32.95**

NEW!

PFS: FIRST PUBLISHER

Very simply, people are turning to desktop publishing because they want to compose great-looking documents, brimming with illustrations and slick layout designs. But they don't want to spend long hours learning new terms, trying to learn a complex new program, and getting only limited results for all their efforts. With this in mind, Software Publishing Corporation has introduced *PFS: First Publisher*.

Use it to produce newsletters, flyers, proposals, presentations, forms, announcements and more. Clearly defined menus and intuitive icons guide you as you work. Write it the way you want, lay it out with way you want, print it on the equipment you have now, quickly.

Includes over 30 lettering styles, 150 pre-drawn graphics and supports most dot matrix and laser printers. (Requires 512K RAM and two disk drives [or one floppy and one hard]. A mouse is recommended.) From Software Publishing Corporation. **DISK #LTLV \$84.95**

NEW!

DAC-EASY ACCOUNTING

Dac-Easy Accounting combines in one integrated package seven complete accounting modules: General Ledger, Accounts Payable, Accounts Receivable, Inventory, Purchase Order, Billing and Forecasting. Perfect integration between all seven modules gives you fast, accurate information management. And *Dac-Easy Accounting* is designed to manage service- or product-based businesses.

Compare *Dac-Easy* to packages costing thousands more. Then join over 130,000 smart business people who have said "YES!" to *Dac-Easy Accounting*. **DISK #LSAA \$69.95**

NEW! NEW! NEW!

Did you know some of the very BEST software is available as SHAREWARE?

Shareware is a revolutionary concept of bringing top quality software to users at a fraction of the commercial prices. You pay only \$6.95 - \$9.95 to get your copy of a program. Use it. Evaluate its usefulness. If you like the software you can register it with the author for a reasonable amount (usually less than \$35). Registration typically entitles you to receive program updates, technical assistance and additional documentation.

Triton presents the *MENTOR* Shareware Series, unique software that's simple to load and run. Start the program by typing "MENTOR" or run it from a menu on Triton's *System Support Software*. It's that easy! Documentation is included on the disk.

HOME/OFFICE WORD PROCESSING SYSTEM

ONLY \$169⁹⁵

We've teamed-up three winners to bring you a complete and versatile way to start saving valuable time. Whether you're just starting out or an experienced word processor, this is the package for you.

MONITOR AND TI-99/4A
COMPUTER SOLD
SEPARATELY

Included in this special:

DataBiotics' *WordWriter* cartridge-based word processor (see page 7 for details) and Axiom's *Parallax-TI* Parallel Printer Interface for direct hookup of Sanyo's PR3000 Daisy Wheel (letter quality) Printer to your TI-99/4A console.

This cartridge/interface/prINTER combination is great for students and others who are tired of using typewriters, where correcting mistakes and retyping becomes a big hassle and time-waster. Also, you can expect little or no maintenance expense on this system.

A cassette recorder (see page 4) is recommended if you wish to save, retrieve or modify documents at a later time.
